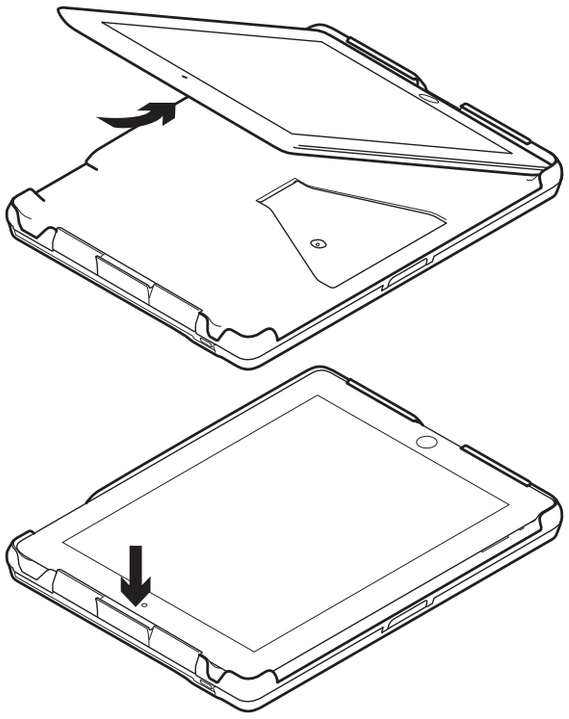
Getting started with
Logitech® Fold-Up Keyboard
for iPad® 2

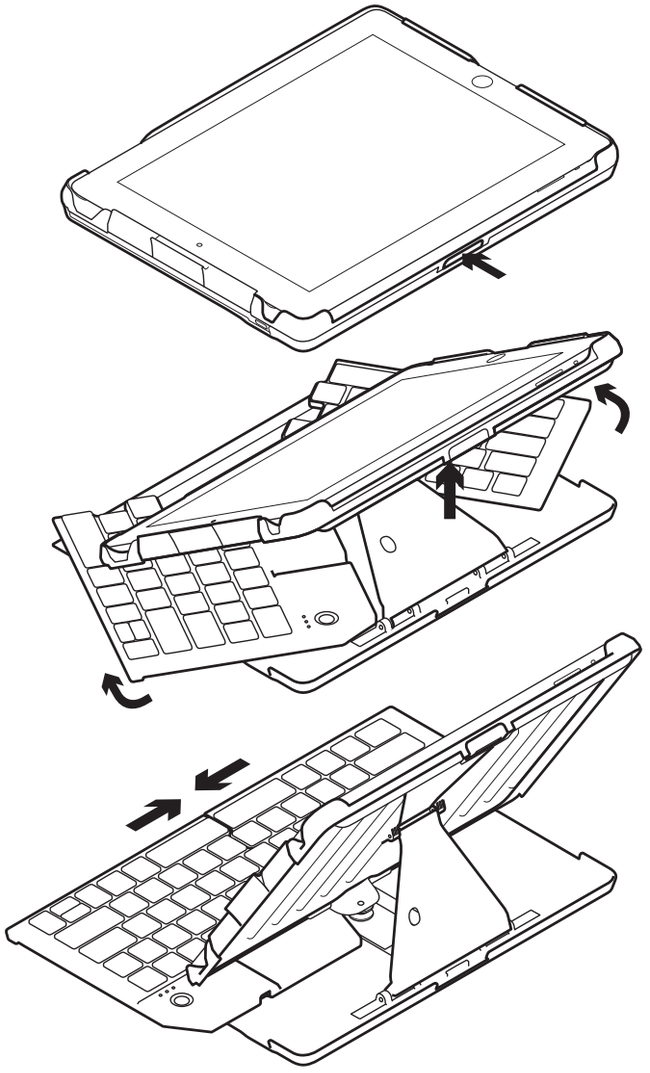
Setup and turn on

1. Insert iPad® 2



Slide your iPad 2 into the tray. Make sure that the connector port is aligned with the connector opening on the tray. Push the iPad into place. The “Click” lets you know that the iPad is securely attached.

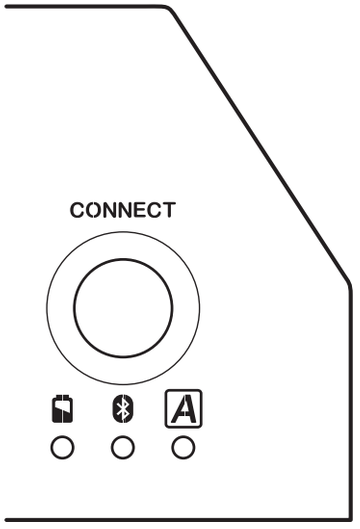
2. Open the keyboard



Press the release button and lift the iPad tray to expand the keyboard. The keyboard turns on when it is fully open.

Pairing the Fold-Up Keyboard

The Bluetooth Fold-Up Keyboard should only need to pair to your iPad 2 once.



1. On the open keyboard, press the CONNECT button.

   The Bluetooth status light blinks. The keyboard is “discoverable” for three minutes, or until it is paired with the iPad 2.
2. On the iPad 2, select: Settings > General > Bluetooth > On.
3. Select “Logitech Fold-Up Keyboard (IPD)” from the iPad 2 list of available devices. The iPad 2 displays a code.
4. Type the code on the keyboard and press Enter. The Fold-Up Keyboard is paired to the iPad 2.

LED Indicators

Bluetooth LED

- **Pairing** Blinks while discoverable, or until paired.
- **Power ON** Solid glow for the first six seconds after power on.

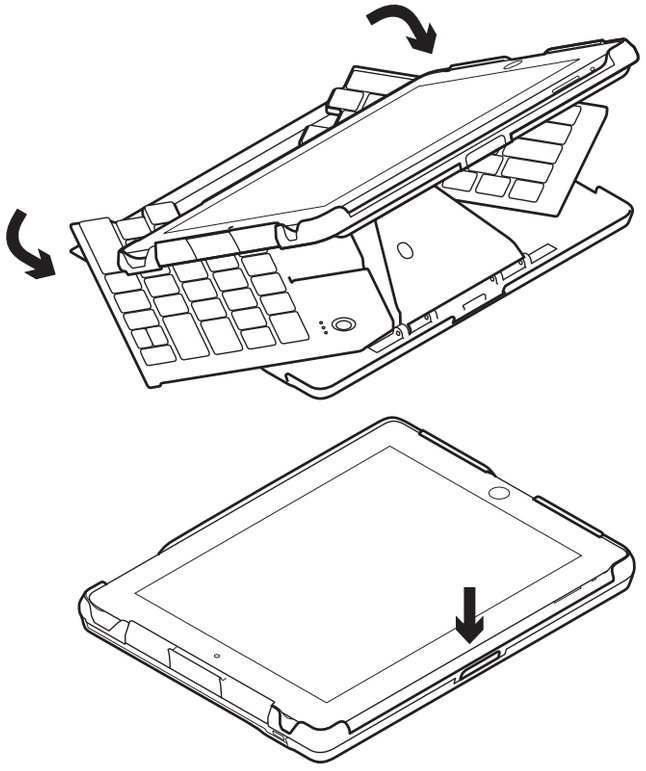
Close and turn off

1. Close the keyboard

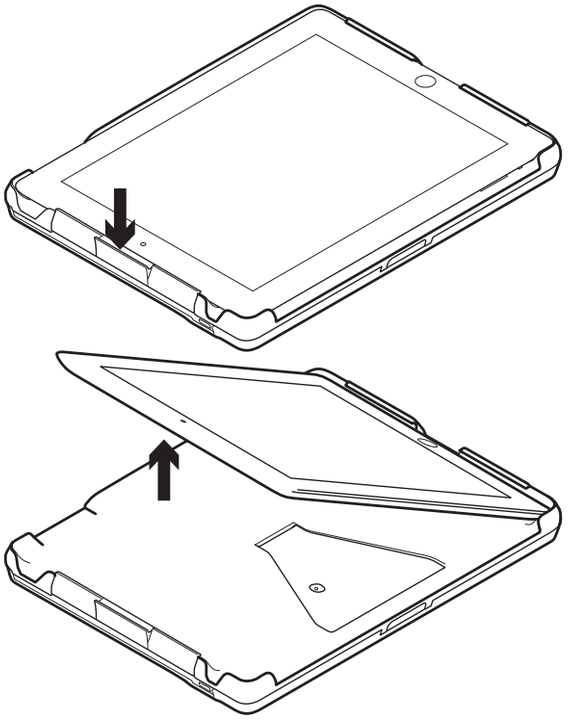


Hold and gently push both front corners of the keyboard towards the back of the unit until completely closed. Closing the unit turns off the keyboard.

Caution

- Hold the keyboard until fully closed to prevent the iPad 2 from falling.
- Avoid putting your fingers between the tray and the bottom case to prevent pinching.

2. Remove the iPad



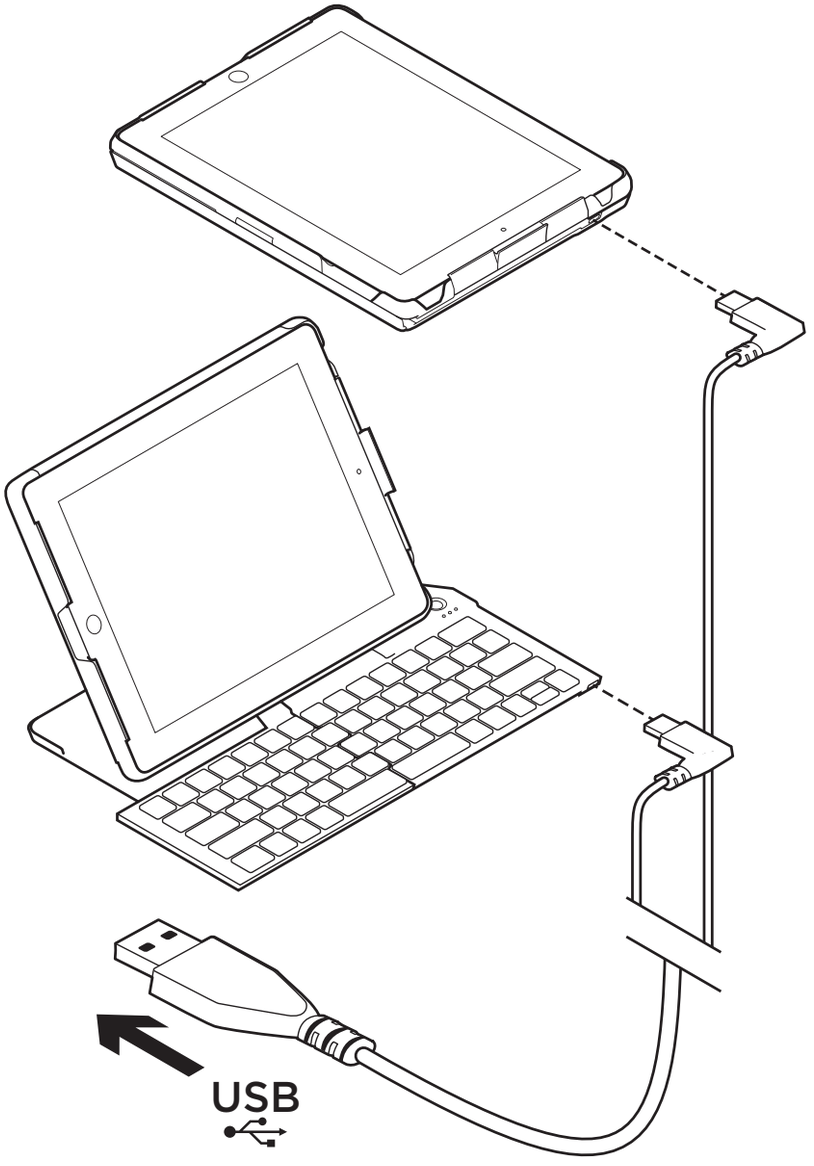
Press down on the iPad release to remove it from the tray.

Tip: During flights, keep keyboard closed.

Battery Management

The Fold-Up Keyboard features a rechargeable battery.

Charging information



- To recharge the keyboard, use the provided USB cable. Plug the micro USB end into the unit and the other end into an iPad 2 adapter or a computer USB port. The keyboard will charge when open or closed:
- The battery LED is green while charging. It turns off when the keyboard is fully charged.
- It takes about 3 hours to completely recharge the keyboard.
- The battery life is approximately 500 hours of typing.

Product end of life: keyboard battery disposal

Removing the battery requires disassembly and will destroy the unit.

1. Remove each rubber foot located on the bottom of the Fold-Up Keyboard.
2. Remove the screws located below each rubber foot.
3. Turn the unit right side up.
4. Remove the iPad tray.
5. Remove the keyboard from the bottom case.
6. On the bottom of the keyboard, use a tool to break the battery cover.
7. Remove the battery.
8. Dispose of the battery according to local regulations. Recycle the remaining keyboard part..
