

No cords. No recharging hassles.

All-out Mac[®] productivity.

The Logitech Wireless Solar Keyboard K760 for Mac[®]

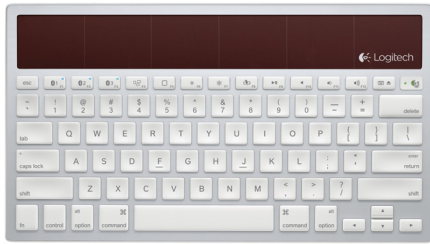

Turn any Mac and iOS device into a more powerful productivity tool with the Logitech Wireless Solar Keyboard K760. The K760 stays powered using both indoor and natural light so it's ready to go anywhere, anytime work needs to be done. A Bluetooth[®] connection enables quick transition between devices and frees up a USB port, while a concave key design assures fast, comfortable typing.

The Logitech **Wireless Solar Keyboard K760**

FEATURES

Light-powered keyboard

Bluetooth® wireless connectivity

Easy-switching Bluetooth® connection capabilities

Designed for use with Mac products

Comfortable, quiet typing

Sleek and compact design

BENEFITS

Stays charged with both indoor and outdoor light, making batteries a thing of the past. Fully powered, it works for at least three months – even in total darkness.*

No cords, additional dongle, or built-in plug necessary, and the USB ports on your Mac® remain free to use for other devices.

Seamlessly transition between three pre-paired Mac OS or iOS devices with the tap of a button.

Complements the minimalist look of your favorite Mac devices.

Low-profile keys in a full-size keyboard layout barely make a sound.

Complements Mac devices while saving desk space.
