Power Tips *10 consejos clave*

Les 10 clés de la réussite

Point and click was just the beginning

Discover how much more your mouse can do. Unlock the possibilities—like customizable buttons and adjustable precision—with the Logitech software.

Apuntar y hacer clic fue sólo el comienzo

Descubra lo que puede hacer el ratón. Explore las posibilidades (como botones personalizables y precisión ajustable) con el software Logitech.

Pointer et cliquer, ce n'était que le début

Votre souris est capable d'en faire tellement plus! Libérez les possibilités (par exemple, les boutons personnalisables et la précision réglable) à l'aide du logiciel Logitech.

1

The disc icon means you need the included software to take full advantage of a feature.

El ícono de disco significa que necesita el software incluido para aprovechar al máximo una función.

L'icône en forme de disque signifie qu'il vous faut le logiciel inclus pour profiter pleinement d'une fonction.

Fingertip zoom

Zoom in or out on a photo by pressing the zoom button on the side of the mouse while spinning the scroll wheel.

Zoom práctico

Acerque o aleje una foto pulsando el botón de zoom en el lateral del ratón mientras gira el botón rueda.

Zoom au bout des doigts

Zoomez en avant ou en arrière sur une photo en appuyant sur le bouton de zoom sur le côté de la souris et en tournant la roulette.

● Navigate by thumb

You can navigate your Web page history and browse folders by pressing the forward and back buttons.

Navegue con el pulgar

Puede navegar por el historial de páginas y examinar carpetas pulsando los botones de avance y retroceso.

Naviguez avec le pouce

Vous pouvez parcourir votre historique de pages Web ou vos dossiers en cliquant sur les boutons Précédent et Suivant.

Switch windows fast

Find the window you want by pressing the application button.

4 Cambie de ventana rápidamente

Busque la ventana que desea pulsando el botón de aplicación.

4 Basculez rapidement d'une fenêtre à l'autre

Trouvez la fenêtre de votre choix en cliquant sur le bouton d'application.

Adjust cursor speed

Assign a button to switch between two levels of sensitivity (DPI)—perfect for ① pixel-level precision or ② using monitors with different resolutions.

Ajuste la velocidad del puntero

Asigne un botón para el cambio entre dos niveles de sensibilidad (dpi): ① precisión de píxel o ② monitores con diferentes resoluciones.

Réglez la vitesse du curseur

Désinez un bouton pour basculer entre deux niveaux de sensibilité (PPP). C'est idéal pour ① une précision au pixel près ou ② l'utilisation d'écrans aux résolutions différentes.

5

Scroll sideways

Tilt the wheel right or left to scroll sideways. Apply more pressure to scroll faster, less to slow down.

2

Desplazamiento horizontal

Mueva el botón rueda inclinable hacia la derecha o la izquierda para desplazamientos horizontales. Aplique más presión para desplazarse con mayor velocidad; menos para reducir la velocidad.

Défilez latéralement

Inclinez la roulette vers la droite ou la gauche pour défiler latéralement. Appliquez plus de presión para acelerar el défilement, menos para le ralentir.

Choisissez une tâche

Votre roulette de défilement est aussi un bouton du milieu. Cliquez dessus pour Enregistrer, Coller ou exécuter la commande de votre choix.
