

The Logitech UC Portfolio

# Enterprise-grade UC tools for your workforce

Logitech, a world leader in products that connect people to the digital experiences they care about, offers a range of brilliantly designed UC tools that are so intuitive, people actually love to use them. Tools designed for real people.

Professional webcams and the ConferenceCam bring true-to-life HD-quality to collaboration. USB headsets deliver DSP enterprise-grade audio with user-centric features. A revolutionary UC keyboard combo provides UC audio and video control at the user's fingertips.

Logitech helps businesses unleash productivity and UC collaboration—from the desktop to the conference room—with tools that adapt to the way people work and not the other way around.
