

Unleash Microsoft® Lync™ productivity and collaboration from the desktop to the conference room

Logitech, a world leader in products that connect people to the digital experiences they care about, has partnered with Microsoft® Lync™ to offer a range of fully-optimized for Lync UC tools. Solutions that are so intuitive, people actually love to use them, enabling enhanced collaboration and productivity from the desktop to the conference room.

As one of the first companies to develop unique Lync 2013 features, Logitech enhances the collaboration experience in the richest ways. With HD video in a wider field of view, it's now possible to present from a whiteboard, show a document or conduct a demo in clear view all from any desktop. Easily manage audio and video calls through intuitive controls on the headset, ConferenceCam, speakerphone or through the webcam software.

Logitech helps unleash Lync productivity and collaboration - from the desktop to the conference room - with intuitive designs that are good for people and good for business.
