## Setting up the keyboard folio

### Getting started

1. Open the keyboard folio, make sure the edge of your iPad mini is aligned with the iPad mini holder and push down:

2. Move the keyboard folio into the typing position:

### Establishing connection with your iPad mini

The keyboard folio links to your iPad mini via a Bluetooth connection. The first time you use the keyboard folio, you must pair it with your iPad mini:

1. Turn on the keyboard:

The Bluetooth light blinks to indicate that the keyboard is discoverable, ready for pairing with your iPad mini. The first time you turn on the keyboard it remains discoverable for 15 minutes.

If the battery status light shows red, charge the battery. See “Charging the keyboard battery” for more information.

2. On your iPad mini:
  - Make sure your iPad mini’s Bluetooth feature is on. Select Settings > Bluetooth > On.
  - Select “Ultrathin Keyboard Folio m1” from the Devices menu.

3. If your iPad mini requests a PIN, enter it using the folio keyboard (not on your iPad mini).

When successful connection is made, the Bluetooth light turns solid blue for a short time, and then turns off.

### Connecting to another iPad mini

1. Make sure the keyboard is turned on.
2. Make sure your iPad mini's Bluetooth feature is on. Select Settings > Bluetooth > On.
3. Press the Bluetooth Connect button:

The keyboard is discoverable for 3 minutes.

4. Select "Ultrathin Keyboard Folio m1" on your iPad mini's Devices menu.

5. If your iPad mini requests a PIN, enter it using the folio keyboard (not on your iPad mini).

When successful connection is made, the Bluetooth light turns solid blue for a short time, and then turns off.

## Using the keyboard folio

### Two viewing positions

The keyboard folio provides two viewing positions—one for typing and another for browsing.

To type, move the iPad mini holder into the typing position, aligning it with the built-in magnet to secure it. Turn on the keyboard:

To browse, place the iPad mini holder in the browsing position remembering to switch off the keyboard to conserve battery power:

If you don't use the keyboard for a while in the typing position, it enters sleep mode automatically. Pressing any key wakes it.

### Detaching your iPad mini

To detach your iPad mini from the folio, bend back one of the iPad mini holder corners:

Your iPad mini is then released:

**Storing your iPad mini for travel**

1. Insert your iPad mini in the iPad mini holder.
2. Close the keyboard folio:

**Status light indicators**

Your keyboard folio has lights that provide information about the keyboard's battery power and Bluetooth connection.

**Battery status light**

Light	Description
Blinking green	The battery is charging.
Solid green	The battery is fully charged (100%).
Red	Battery power is low (less than 10%). Recharge the battery.

**Bluetooth light**

Light	Description
Blinking	Fast: The keyboard is in discovery mode, ready for pairing. Slow: The keyboard is trying to reconnect to your iPad mini.
Solid	Bluetooth pairing or reconnection is successful.

## Function keys

 **Home = iPad mini Home screen**

 **Fn + 1 = Lock screen**  
Locks or unlocks the iPad mini screen

 **Fn + 2 = Siri**  
Use your voice to send messages, make calls, schedule meetings, and more

Launches the iPad mini search function

 **Fn + 4 = Switch language**  
Switches the keyboard language

 **Fn + 5 = Virtual keyboard**  
Shows/hides the virtual keyboard

 **Fn + 7 = Previous track**

 **Fn + 8 = Play/Pause**

 **Fn + 9 = Next track**

 **Fn + 0 = Mute**

 **Fn + dash = Volume down**

 **Fn + plus = Volume up**

 **Fn + X = Cut**

 **Fn + C = Copy**

 **Fn + V = Paste**

 **Fn + Left cursor = Select left**  
Selects text on the left, word by word

 **Fn + Right cursor = Select right**  
Selects text on the right, word by word

 **Fn + Spacebar = Switch applications**

**Note:** To select a function key, press and hold the Fn key, and then press the key indicated above.

## Charging the keyboard battery

If the battery status light is red the keyboard folio battery needs to be charged.

1. Plug one end of the micro-USB cable into the charging port, and the other end into a USB port on your computer.

Alternatively, you can use a 5V USB charger, such as that provided with your iPad mini, providing the power output rating is at least 500mA.

The status light blinks green as the battery charges.

2. Charge the battery until the battery status light turns solid green.

### Battery information

- A fully charged battery provides about three months of use when the keyboard is used about two hours a day.
- Charge the battery if the status light turns red briefly after the keyboard turns on.
- When not in use, turn off the keyboard to conserve battery power.
- The keyboard enters sleep mode automatically if not used for a while in the typing position. Press any key to wake it.

## Battery disposal at product end of life

1. Pry off top cover of keyboard with screwdriver.
2. Detach battery from circuit board and remove battery.
3. Dispose of your product and its battery according to local laws

## Troubleshooting

### **The keyboard does not work**

- Press any key to wake the keyboard from sleep mode.
- Turn the keyboard off and then back on.
- Recharge the internal battery.  
For more information, see “Charging the keyboard battery.”
- Re-establish the Bluetooth connection between the keyboard and your iPad mini.
- Verify that Bluetooth is turned on in your iPad mini’s settings (Settings > Bluetooth > On).
- Choose “Ultrathin Keyboard Folio m1” from the Devices menu on your iPad mini. The Bluetooth light turns solid blue when Bluetooth connection is established.
