## Know your product

## Setting up the keyboard folio

### Getting started

1. Open the keyboard folio, make sure the edge of your iPad is aligned with the iPad holder and push down:

2. Move the keyboard folio into the typing position:

The keyboard turns on automatically.

### Establishing connection with your iPad

The keyboard folio links to your iPad via a Bluetooth connection. The first time you use the keyboard folio, you must pair it with your iPad.

The status light blinks blue to indicate that the keyboard is discoverable, ready for pairing with your iPad.

The first time you use the keyboard it remains discoverable for 15 minutes.

If the status light turns red, charge the battery. For more information, see “Charging the keyboard battery.”

To pair your keyboard folio with your iPad:

1. On your iPad:
  - Make sure your iPad’s Bluetooth feature is on. Select Settings > Bluetooth > On.
  - Select “FabricSkin Keyboard Folio i5” from the Devices menu.

- If your iPad requests a PIN, enter it using the folio keyboard (not on your iPad).

When successful connection is made, the status light turns solid blue for a short time, and then turns off.

### Connecting to another iPad

- Move the keyboard folio into the typing position.
- Make sure your iPad's Bluetooth feature is on. Select Settings > Bluetooth > On.
- Press the Bluetooth Connect button:

The keyboard is discoverable for 3 minutes.

- Select "FabricSkin Keyboard Folio i5" on your iPad's Devices menu.
- If your iPad requests a PIN, enter it using the folio keyboard (not on your iPad).  
When successful connection is made, the status light turns solid blue for a short time, and then turns off.

## Using the keyboard folio

### Two viewing positions

The keyboard folio provides two viewing positions—one for typing and another for browsing.

To type, move the iPad holder into the typing position, aligning it with the built-in magnet to secure it. Turn on the keyboard:

To browse, place the iPad holder in the browsing position remembering to switch off the keyboard to conserve battery power:

If you don't use the keyboard for a while in the typing position, it enters sleep mode automatically. Pressing any key wakes it. Closing the keyboard folio powers off your iPad.

### Detaching your iPad

To detach your iPad from the folio, bend back one of the iPad holder corners:

Your iPad is then released:

### Storing your iPad for travel

1. Insert your iPad in the iPad holder.
2. Close the keyboard folio:

### Cleaning your folio

Wipe your FabricSkin Keyboard folio with a wet cloth. DO NOT use solvent.

## Status light indicators

Your keyboard folio's status light provides information about the battery power and Bluetooth connection:

Light	Description
Blinking green	The battery is charging.
Solid green	The battery is fully charged (100%).
Red	Battery power is low (less than 10%). Recharge the battery.
Blinking blue	Fast: The keyboard is in discovery mode, ready for pairing. Slow: The keyboard is trying to reconnect to your iPad.
Solid blue	Bluetooth pairing or reconnection is successful.

## Function keys

-  **Home = iPad Home screen**
-  **Fn + 1 = Lock screen**  
Locks or unlocks the iPad screen
-  **Fn + 2 = Siri**  
Use your voice to send messages, make calls, schedule meetings, and more

Selects text on the right, word by word
-  **Fn + Spacebar = Switch applications**

**Note:** To select a function key, press and hold the Fn key, and then press the key indicated above.

## Charging the keyboard battery

If the status light is red the keyboard folio battery needs to be charged.

1. Plug one end of the micro-USB cable into the charging port, and the other end into a USB port on your computer.

Alternatively, you can use a 5V USB charger, such as that provided with your iPad, providing the power output rating is at least 500mA.

The status light blinks green as the battery charges.

2. Charge the battery until the status light turns solid green.

### Battery information

- A fully charged battery provides about three months of use when the keyboard is used about two hours a day.
- Charge the battery if the status light turns red briefly after the keyboard turns on.
- When not in use, turn off the keyboard to conserve battery power.
- The keyboard enters sleep mode automatically if not used for a while in the typing position. Press any key to wake it.

## Battery disposal at product end of life

1. Pry off top cover of keyboard with screwdriver:

2. Detach battery from circuit board and remove battery:

3. Dispose of your product and its battery according to local laws.

## Troubleshooting

### **The keyboard does not work**

- Press any key to wake the keyboard from sleep mode.
- Move the iPad holder into typing position. The keyboard folio does not work if the iPad holder is incorrectly placed.
- Recharge the internal battery. For more information, see “Charging the keyboard battery.”
- Re-establish the Bluetooth connection between the keyboard and your iPad.
- Verify that Bluetooth is turned on in your iPad’s settings (Settings > Bluetooth > On).
- Choose “FabricSkin Keyboard Folio i5” from the Devices menu on your iPad. The status light turns solid blue when Bluetooth connection is established.
