

Put Cisco Jabber™ control at your fingertips.

The Logitech UC Solution for Cisco 725-C Keyboard

Logitech is the first company to brilliantly integrate phone and video controls into a keyboard. With never-before-seen phone and video controls, the desktop Jabber® experience can be managed directly from the keyboard, which also offers a comfortable, quiet typing experience. Easy-access illuminated control buttons for call answer/end, video call initiation, mute and volume make it easy to collaborate while staying productive. The keyboard LCD screen displays caller ID, call duration and receives calls for users currently signed into the system, making it ideal for hot desking work environments where staff don't have a permanently assigned desk or phone.

Features:

- Revolutionary design integrates phone and video controls
- Built-in phone LCD screen for phone notifications
- Dedicated phone and video control keys
- Illuminated keys display call/video status
- Logitech® PerfectStroke™ key system
- Compact, corded design
- USB plug-and-play set up

FEATURE SPOTLIGHT

Logitech UC Solution for Cisco 725-C Keyboard

FEATURE AT A GLANCE

Revolutionary design integrates phone and video controls

Manage audio and video calling experience including call answer/end, mute, voicemail and video camera on/off right from the keyboard.

Built-in phone LCD screen

Displays incoming caller IDs, call length during call, date/time when not on a call, and more.

Dedicated phone and video control keys

Quickly manage voice/video commands right from the desktop with the following keys: Voicemail Messages, Select Handset, Select Headset, Select Speakerphone, Call Hold, Answer/Hang-up, Video Mute, Audio Mute, Volume Up/Down

Illuminated keys display call/video status

Get instant notification and status for phone and video call controls, just like your desk phone.

Logitech PerfectStroke™ key system

Makes every keystroke comfortable, fluid and whisper-quiet – perfect for the all-day worker.

Integrated, corded design

Replaces the need for a desk phone, helping to save space on the shrinking desktop; perfect for small workspaces, hot desking, cubicles and people who appreciate a clutter-free workspace.

USB plug-and-play set up

Easy to set up and easy to use

CALL CONTROL KEYS

The call control keys are designed to be used with the Cisco Jabber™ client.
