

# Bring big sound to small spaces

## The Logitech Multimedia Speakers z200

The Logitech z200 Multimedia Speakers bring big sound to small spaces, like work and home office environments. With 5 watts RMS (10 watts peak power), enhanced bass, two audio input sources, fingertip control and a compact design, this desktop audio solution substantially outperforms the acoustic quality of built-in computer speakers.

### Features:

- Rich 2.0 stereo sound with enhanced bass
- 5 watts RMS (10 watts peak power)
- Frequency response 80 Hz - 18 kHz
- Compact desktop design
- Two audio input sources
- Fingertip control
- Bass adjustment control wheel
- Headphone jack
- Easy setup

# Logitech Multimedia Speakers z200

## Product Specifications

- Price:** \$29.99
- Part #:** 980-000800
- Width:** 3.4 in (86mm)
- Height:** 9.1 in (232mm)
- Depth:** 4.6 in (116mm)
- Weight:** 35.2 ounces (999g)

## Technical Specifications

- Total Watts: 5W RMS/10W peak
- Driver size: 2.5"
- Hardwired analog stereo 3.5mm connection plus 3.5mm auxiliary input
- Headphone output jack
- Controls: Power/volume, Tone
- Frequency Response: 80 Hz to 20 kHz
- Sound Pressure Level (SPL Max) >88dB
- Power adapter cable: 6ft (1.8m)

## System Requirements

Works with devices that provide a 3.5mm audio output, including: Windows® and Mac® OS computers, Smartphones, tablets, and MP3 players

### Inside the box

- z200 Speakers
- AC Adapter
- Quick Start Guide

### Warranty

- 3-year limited hardware

## FEATURE SPOTLIGHT

### Rich 2.0 stereo sound with enhanced bass

With 5 watts RMS (10 watts peak power) and two 2.5" drivers per speaker, these desktop speakers substantially outperform the acoustic quality of built-in computer audio.

### Compact desktop design

Sleek, compact and stylish, the z200 multimedia speakers occupy minimal desk space while delivering rich sound from any computer, tablet, mobile phone, or MP3 device.

### Two audio inputs

A wired line-in on the back of the right speaker and a 3.5mm auxiliary input jack on the front provide the versatility of connecting two audio sources at once.

### Fingertip control

The front panel of the right speaker features easy-to-access volume and power controls.

### Bass adjustment control wheel

Rotate the tone control wheel at the side of the right speaker to adjust add or reduce bass EQ.

### Headphone jack

Convenient access to a headphone jack at the front of the right speaker provides greater privacy in the office environment.

### Easy setup

Set-up is a snap: Connect the power cable to the speakers and then simply connect your PC Mac, tablet, mobile phone or MP3 device using the attached 3.5m auxiliary cable.
