SEE MORE. HEAR BETTER.
WORK SMARTER.

Logitech B910 HD Webcam

For natural sight and sound, Logitech® B910 HD Webcam offers superior quality at a good price. Easy set up and silent installation make B910 HD Webcam a great choice for professionals. Enjoy razor sharp video and clear sound in your video meetings. The B910 HD Webcam offers a wide 78-degree field of

view allowing you to include more detail and fit more people comfortably in front of the camera. The ZEISS® glass lens, Logitech RightLight™ 2 Technology, and autofocus capture detail in any lighting. Plus, its dual stereo microphones make conversations easy to hear.

With advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members¹, users can expect a seamless integrated meeting experience with any video conferencing application — including the ones you already use. Just plug it in, and you're ready to collaborate.

Logitech B910 HD Webcam

FEATURE SPOTLIGHT

HD 720p video at up to 30 frames per second

Experience face-to-face professional video conferencing with fluid, HD video.

True 16:9 widescreen with a 78-degree field of view

Provides more video frame space than an embedded webcam, allowing for more life-like calls.

Dual stereo microphones

Enjoy clear conversations in lifelike, stereo wideband audio.

Carl ZEISS® glass lens

Enjoy razor-sharp images even when showing documents up-close, a whiteboard drawing or a demo.

Logitech RightLight™ 2 technology and autofocus

Webcam intelligently adjusts to improve visual quality in low light at multiple distances.

Optimized for Microsoft® Lync™ and Skype, Cisco® compatible and certified for Avistar and Avaya; compatible with most UC and web conferencing applications

True plug and play with your favorite video conferencing platforms and video apps on either PC or Mac®.

Supports silent installation

You can easily deploy and manage the installation of webcams throughout your company with command-line, silent installation.

Privacy shade included

Slides on and off effortlessly for added privacy and security when the camera is not in use.

Plug-and-play setup

Setup is fast and easy. Just plug it in and you're ready to start collaborating.
