

# LOGITECH STRONG USB

Plenum-Rated for  
Commercial Installation

With up to 8x the reach of ordinary USB 3.x cables, Logitech® Strong USB lets you separate USB peripherals and a host PC by up to 25 meters. The aramid-reinforced active optical cable is plenum-rated and Eca certified for safe operation and reliable performance.

## EXTENDED REACH

Available in 10 and 25 lengths, Logitech Strong USB reaches across meeting rooms and open offices to connect a self-powered USB device or hub to a host PC. By eliminating the need for USB extenders, Logitech Strong USB eliminates points of failure while reducing cost and complexity.

## RELIABLE STRENGTH

Unlike typical USB cables that can break during or after installation, Logitech Strong USB is built to last. With 200 newtons of tensile strength and a 1000 kg crush load, Logitech Strong USB is plenum-rated and Eca certified to pull through walls, above ceilings, and within standard  $\frac{3}{4}$ " conduit.

## FAST AND COMPATIBLE

Compliance with the USB 3.2 Gen 2 specification assures backward compatibility with USB 2.0, 3.0, 3.1 devices and ports. As an active optical cable, Logitech Strong USB delivers up to 10 Gbps for devices with their own power supplies, including Logitech Tap, Rally Camera, and MeetUp.

## LOGITECH STRONG USB VS. TYPICAL CABLES

|                                               | Logitech Strong USB | Typical USB 3.x | Typical Optical USB |
|-----------------------------------------------|---------------------|-----------------|---------------------|
| Length                                        | 10m & 25m           | Up to 3m        | Up to 100m          |
| Data Rate                                     | 10 Gbps             | 5 - 10 Gbps     | 10 Gbps             |

## TECH SPECS

### PRODUCT SPECIFICATIONS

USB 3.2 Gen 2 active optical cable  
 USB Type A (male) to USB Type C (male)  
 Throughput: SuperSpeed USB 10Gbps  
 Aramid-reinforced for commercial installation  
 Tensile strength: 200 newtons  
 Crush load: 1000 kg  
 Conduit-friendly: ¾" (19mm)

### DIMENSIONS

Available Lengths:  
 10m (32.8 ft)  
 25m (82 ft)

### PART NUMBERS AND UPC

10 Meter  
 Part #: 939-001799  
 UPC: 097855147097  
 25 Meter  
 Part #: 939-001802  
 UPC: 097855147103

### COMPATIBILITY

USB 2.0/3.0/3.1/3.2  
 Logitech Tap  
 Logitech MeetUp  
 Logitech Rally Camera  
 Self-powered USB 2.0/3.0/3.1/3.2 hubs and devices with external power supplies  
*Not compatible with Logitech BRIO and other USB bus-powered devices*

### INSIDE THE BOX

Logitech Strong USB-A to USB-C Cable:  
 10 or 25 meters (32.8 or 82 ft)  
 USB-C extension cable for tight spaces:  
 152mm (6 in)  
 Documentation

### CERTIFICATIONS

Plenum Rated  
 Eca/IEC 60332-1-2 Compliant

### WARRANTY

2-year limited hardware
