

Logitech®

Portable Webcam C905

with Logitech® Vid and Carl Zeiss® optics for fast, free video calling and clarity

Be right at home, when you're on the road, with Logitech high-clarity video calling.

Make high-clarity video calls home with the best travel webcam for road warriors. The travel-size 2 MP Portable Webcam C905 goes where lesser mobile webcams don't—smooth, razor-sharp full-screen video. High-precision Carl Zeiss optics, ultra-smooth AutoFocus, and light-correcting RightLight™2 Technology work together to make your video calls look so real, it's like being in the room with your spouse and kids back home. Enjoy crystal-clear conversations with a built-in premium microphone that suppresses background noise like airport chatter. Logitech even includes a protective travel case and new Logitech Vid—the fast, free, easy, one-click-to-call video calling software.

Key Features

- Includes new Logitech® Vid™ software—dramatically simplifies video calling
- Ultra-smooth AutoFocus with Carl Zeiss® lens system for sharper, fluid video
- HD video recording and 2-megapixel sensor capture detailed 16 x 9 widescreen videos and up to 8-megapixel photos
- RightLight™2 Technology adjusts brightness for perfect images, even in dim light
- Premium built-in microphone with RightSound™ Technology for crystal-clear conversations
- Logitech® Video Effects™ make calling home extra entertaining

Logitech Vid™

Portable Webcam C905

Image Perfect Detail and Clarity

Logitech®

Feature Spotlight/Focus

Logitech® Vid™: simple video-calling software

Free, fast, and easy video calling for you and anyone you call. And it's built into your webcam setup—so you're ready to talk to the people you care about right away.

Carl Zeiss® optics with autofocus

Deliver razor-sharp images even in extreme close-ups.

2-megapixel HD sensor

Raises the bar on image quality, delivering fluid, true-to-life video at 720 p and snapshots at up to 8 megapixels.*

Logitech® RightLight™ 2 technology

Intelligently adjusts to produce the best possible images, even in dim or backlit settings.

System Requirements

OS: Windows® XP (SP2 or higher)

- Processor: 1 GHz (2.0 GHz recommended)
- RAM: 256 MB RAM (512 MB RAM recommended)
