The Logitech® Unifying receiver
Plug it. Forget it. Add to it.
Your new Logitech product ships with a Logitech Unifying receiver. Did you know you can add a compatible Logitech wireless device that uses the same receiver as your current Logitech Unifying product?
Are you Unifying-ready?
If you have a Logitech wireless device that's Unifying-ready, you can pair it with additional Unifying devices. Just look for the orange Unifying logo on the new device or its packaging. Build your ideal combo. Add something. Replace something. It’s easy, and you’ll use only one USB port for up to six devices.

Getting started is easy
If you’re ready to pair your device(s) via Unifying, here’s what you need to do:
1. Make sure your Unifying receiver is plugged in.
2. If you haven’t already, download the Logitech® Unifying software from www.logitech.com/unifying.
3. Start the Unifying software* and follow the onscreen instructions to pair the new wireless device with your existing Unifying receiver.
4. Go to Start / All Programs / Logitech / Unifying / Logitech Unifying Software

*Go to Start / All Programs / Logitech / Unifying / Logitech Unifying Software

Help with setup
• Are the mouse and keyboard powered on?
• Is the Unifying receiver securely plugged into a computer USB port? Try changing USB ports.
• If the Unifying receiver is plugged into a USB hub, try plugging it directly into a USB port on your computer.
• Did you pull the battery tab on the mouse and keyboard? Check the orientation of the batteries inside the mouse and keyboard, or replace the batteries. The mouse uses one AA alkaline battery and the keyboard uses two AA alkaline batteries.
• Remove metallic objects between the mouse/keyboard and the Unifying receiver.
• Try moving the Unifying receiver to a USB port closer to the mouse and keyboard, or order a USB extension cable at www.logitech.com/usbextender.
• Try reconnecting the mouse/keyboard and Unifying receiver using the Logitech Unifying software. (Refer to the Unifying section in this guide.)

Keyboard features
