FEATURE SPOTLIGHT

HD 720p video at up to 30 frames per second
Experience face-to-face professional video conferencing with fluid, HD video.

True 16:9 widescreen with a 78-degree field of view
Provides more video frame space than an embedded webcam, allowing for more life-like calls.

Dual stereo microphones
Enjoy clear conversations in lifelike, stereo wideband audio.

Carl Zeiss® glass lens
Enjoy razor-sharp images even when showing documents up-close, a whiteboard drawing or a demo.

Logitech RightLight™ 2 technology and autofocus
Webcam intelligently adjusts to improve visual quality in low light at multiple distances.

Optimized for Microsoft® Lync™ and Skype, Cisco® compatible and certified for Avistar and Avaya; compatible with most UC and web conferencing applications
True plug and play with your favorite UC platforms and video apps on either PC or Mac.

Supports silent installation
You can easily deploy and manage the installation of webcams throughout your company with command-line, silent installation.

Privacy shade included
Slides on and off effortlessly for added privacy and security when the camera is not in use.

Plug-and-play setup
Setup is fast and easy. Just plug it in and you're ready to start collaborating.
