The sharp way for professionals to collaborate—
without leaving their desks.

The B910 HD Webcam

The Logitech B910 HD Webcam enables face-to-face video collaboration right from the desktop. With HD 720p video quality, a 78-degree field of view and dual stereo microphones, video calls look and sound professional. An included privacy shade can also provide extra security when the camera is not in use.

Features:

- HD 720p video at up to 30 frames per second
- True 16:9 widescreen with a 78-degree field of view
- Dual stereo microphones
- ZEISS® glass lens
- Logitech RightLight™ 2 technology and autofocus
- Optimized for Microsoft® Lync™, Cisco WebEx™ compatible[1], Skype™ certified
- Supports silent installation
- Privacy shade included
- Plug-and-play setup

FEATURE SPOTLIGHT

HD 720p video at up to 30 frames per second

Experience face-to-face professional video conferencing with fluid, HD video.

True 16:9 widescreen with a 78-degree field of view

Provides more video frame space than an embedded webcam, allowing for more life-like calls.

Dual stereo microphones

Enjoy clear conversations in lifelike, stereo wideband audio.

ZEISS® glass lens

Enjoy razor-sharp images even when showing documents up-close, a whiteboard drawing or a demo.

Logitech RightLight™ 2 technology and autofocus

Webcam intelligently adjusts to improve visual quality in low light at multiple distances.

Optimized for Microsoft® Lync™, Cisco WebEx™ compatible[1], Skype™ certified; compatible with most UC and web conferencing applications

True plug and play with your favorite UC platforms and video apps on either PC or Mac.

Supports silent installation

You can easily deploy and manage the installation of webcams throughout your company with command-line, silent installation.

Privacy shade included

Slides on and off effortlessly for added privacy and security when the camera is not in use.

Plug-and-play setup

Setup is fast and easy. Just plug it in and you're ready to start collaborating.
