Setting up the keyboard folio

**Getting started**

1. Open the keyboard folio and push your Samsung Galaxy Tab 3 into the tablet holder:

2. Push your Samsung Galaxy Tab 3 down into the hook:

3. Move the keyboard folio into the typing position by lifting the back of the protective folio and sliding the hook forwards until it aligns with the magnet:

Using the Keyboard Plus app

You use the **Keyboard Plus** app when first setting up your keyboard folio, to establish Bluetooth connection with your Samsung Galaxy Tab 3 and configure the keyboard to get the best typing experience.

You can use the app at any point in the future if you experience issues, or want to change your settings.

The **Keyboard Plus** app is available on the Google Play™ Store.

**To install the Keyboard Plus app:**

1. From a Home screen, touch 📱 Apps → 🤝 Play Store.
3. Select and install the app.

When the app is successfully installed it is displayed on the Apps screen as 📱 Keyboard Plus.

**To establish connection with your Samsung Galaxy Tab 3:**

1. Launch the app. From a Home screen, touch 📱 Apps → 🤝 Keyboard Plus.

You are prompted:

**WELCOME!**

The Keyboard Plus app helps you get the best typing experience with your Ultrathin Keyboard Folio S310.

If you experience any issues with your keyboard, you can use this app to help resolve them.

2. Touch START to start the Keyboard Setup Assistant which guides you through the connection process.

3. Turn on Bluetooth on your Samsung Galaxy Tab 3.

If Bluetooth is turned off you are prompted:
Touch **NEXT** to turn on Bluetooth.

4. Pair your Samsung Galaxy Tab 3 and keyboard folio. You are prompted:

To pair the devices:

a. Touch **NEXT**. You are prompted:

b. Turn on your keyboard (see “Using the keyboard folio”), and touch **NEXT**.

You are taken to the Samsung Galaxy Tab 3 Settings page.

The first time you turn on your keyboard the status light blinks blue to indicate that the keyboard is discoverable, ready for pairing with your Samsung Galaxy Tab 3.

It remains discoverable for 15 minutes. If the status light doesn’t blink blue, press the Bluetooth connect button.

c. In the **Settings** page, touch **Keyboard Folio S310** from the list of ‘Available devices’. A PIN is displayed on screen.

d. On the keyboard, enter the PIN and press **Enter**.

When successful connection is made the keyboard status light turns solid blue for a short time, and then off. The keyboard folio is now paired with your Samsung Galaxy Tab 3.

5. Enable the keyboard folio. You are prompted:
To enable the keyboard folio:

a. Touch NEXT. You are prompted:

![Image]

In order to use the correct keyboard, select the checkbox “Ultrathin Keyboard Folio S310” in the next screen.

To complete the setup remember to come back to this app

b. Touch NEXT. You are taken to the Samsung Galaxy Tab 3 Settings page, “Language and input” section.

c. Check “Ultrathin Keyboard Folio S310”:

![Image]

The following note is displayed:

![Image]

To set the keyboard folio as the default:

a. Touch NEXT.

b. Select “Ultrathin Keyboard Folio S310” as the default input method:

![Image]
7. Set the keyboard language. You are prompted:

To set the keyboard language:

a. Touch NEXT.

b. Choose your language.

The setup process is now complete. You are prompted:

Touch START to start using your keyboard.

---

**Resolving issues and changing settings**

Having set up your keyboard folio, your keyboard works each time you turn it on. If you experience any issues, or want to change your settings, re-launch the app.

The app opens on the **Status** page:

Any issues identified are denoted by a red cross.

To correct an issue or change a setting, touch the item and follow the instructions shown.
Using the keyboard folio

**Two viewing positions**

The keyboard folio provides two viewing positions—one for typing and another for browsing.

To type:

1. Move the Samsung Galaxy Tab 3 holder into the typing position, aligning it with the built-in magnet to secure it:

   ![Typing position]

2. Turn on the keyboard:

   ![Typing position]  

   ![Browsing position]

   You can switch off the keyboard if you want to conserve battery power.

   If the status light turns red, charge the battery. For more information, see “Charging the keyboard battery.”

   If you don’t use the keyboard for a while in the typing position, it enters sleep mode automatically. Pressing any key wakes it.

To browse, place the Samsung Galaxy Tab 3 holder in the browsing position:

L  •  + L: Calendar
C  •  + C: Contacts (People)

Notes:
• To select an Android key, press and hold the Android key, and then press the key indicated above.
• Depending on your region, some Android keys may not work.
Charging the keyboard battery

If the status light is red the keyboard folio battery needs to be charged.

1. Plug one end of the micro-USB cable into the charging port, and the other end into a USB port on your computer. The status light blinks green as the battery charges.

2. Charge the battery until the status light turns solid green.

Battery information

- A fully charged battery provides about three months of use when the keyboard is used about two hours a day.

- Charge the battery if the status light turns red briefly after the keyboard turns on.

- When not in use, turn off the keyboard to conserve battery power.

- The keyboard enters sleep mode automatically if not used for a while in the typing position. Press any key to wake it.
Battery disposal at product end of life

1. Pry off top cover of keyboard with screwdriver.
2. Detach battery from circuit board and remove battery.
3. Dispose of your product and its battery according to local laws.
When you’ve finished using the keyboard folio

**Detaching your Samsung Galaxy Tab 3**
1. Release your Samsung Galaxy Tab 3 from the hook:

2. Slide your Samsung Galaxy Tab 3 out of the tab holders:

Your Samsung Galaxy Tab 3 is then released.

**Storing your Samsung Galaxy Tab 3 for travel**
1. Insert your Samsung Galaxy Tab 3 in the tablet holder.
2. Close the keyboard folio:

Troubleshooting

The keyboard does not work
• Press any key to wake the keyboard from sleep mode.
• Turn the keyboard off and then back on.
• Recharge the internal battery. For more information, see “Charging the keyboard battery.”
• Verify that Bluetooth is turned on in your Samsung Galaxy Tab 3’s settings (Apps → Settings → Wireless and networks section → Bluetooth).
• Verify that “Ultrathin Keyboard Folio S310” is paired with your Samsung Galaxy Tab 3 (Apps → Settings → Wireless and networks section → Bluetooth).
• Re-establish Bluetooth connection between the keyboard and your Samsung Galaxy Tab 3 by selecting, or clicking on, “Ultrathin Keyboard Folio S310” in the devices list. The status light on your keyboard turns solid blue when Bluetooth connection is established.
