

Mobile typing made easy for learning without limits

Wired Keyboard for iPad®

The Logitech Wired Keyboard for iPad® is the first wired keyboard made for iPad and specially designed for today's connected classroom. Students simply plug the keyboard into their iPad devices and begin typing notes, essays, and tests. Teachers no longer waste valuable time connecting multiple *Bluetooth*® devices or changing batteries.

Features:

- Plug-and-play connectivity
- Durable, spill-resistant design
- Full-size keys for feel-good typing
- Superior quality by Logitech

The Logitech **Wired Keyboard for iPad®**

iPad® 1, 2, iPad (3rd Generation)

Lightning connector version:

iPad (4th Generation), iPad mini

Inside the box

- iPad keyboard
- User documentation

Warranty

3-year limited hardware

FEATURE SPOTLIGHT

Plug-and-play connectivity

Available with either a 30-pin or Lightning connector, students simply plug the keyboard into an iPad® device and begin typing, eliminating the need for teachers to simultaneously pair multiple wireless keyboards.

Durable, spill-resistant design

Built to support the demands of the classroom with a durable, spill-resistant design* and a key lifespan of up to 5M strokes. Wired keyboard helps eliminate the cost and hassle of changing batteries.

Full-size keys for feel-good typing

Offers same comfortable typing experience as a traditional full-size keyboard and frees screen space for reading and note taking. Familiar shortcut keys provide quick access to iPad functions such as copy and paste.

Superior quality by Logitech

Superior quality in a compact keyboard from Logitech, a worldwide leader in keyboard innovation for more than 30 years.
