Product features

Programmable G-keys

- Nine programmable G-keys and three M-keys provide up to 27 unique functions per game.
- Customize the G-keys using the Logitech Gaming Software.

To record a macro:

1. Press the MR key.
2. Press a G-key.
3. Type the keys to be recorded.
4. Press the MR key.

To record a second macro to the same G-key, press M2 and repeat steps 1-4. For a third macro, press M3 and repeat steps 1-4.

Download and install the Logitech Gaming Software from www.logitech.com/support/g910.

Game/Windows key

This key disables the standard Windows key and Menu key to prevent the Windows Start menu from activating during a game, which might disrupt play. The game mode LED is lit during game mode.

Keyboard backlighting

- Turn backlighting on and off with backlighting button. Control brightness and color with LGS software.

Troubleshooting

Gaming keyboard does not work

- Check the USB connection.
- Do not use a USB hub.
- Try other USB ports on your computer.
- Reboot your system.

Need help programming the G-keys?

- Download and install the Logitech Gaming Software.
- Launch the software.
- Select Help (question mark) for assistance.
