FEATURE SPOTLIGHT

One keyboard, three devices
Fingers stay on the same keyboard while seamlessly switching between up to three Bluetooth® connected devices with the turn of a dial.

Stand-up performance
A built-in device holder positions a mobile phone or tablet at just the right angle for typing and video calls.*

Bluetooth® connectivity
Wirelessly connect to any Bluetooth® device that supports external keyboards (HID profile).

Intuitive keyboard layout
The familiar keyboard layout supports effortless use right out of the box while popular shortcut keys increase day-to-day functionality and productivity.

Sleek, compact design
Thin, minimalist design provides a stylish, space saving option for small workspaces and cubicles.

Plug-and-play simplicity
Setup couldn’t be easier, so you can get right to business.

Works across multiple platforms
Designed to work seamlessly with Windows®, Mac®, Chrome OS™, iOS and Android™ operating systems** so there’s no delay switching between computer, tablet and smartphone.
