Finally, the flexible collaboration solution you’ve been waiting for to enhance productivity, strengthen personal connections, and deliver a truly awesome video conference experience. Logitech® ConferenceCam Kit with Intel® NUC video conferencing system — configured and validated for performance and compatibility — includes a Logitech ConferenceCam, wireless touch keyboard K400 PLUS, Intel NUC, Intel Unite™ and Iluminari Quicklaunch SE.

No more guesswork trying to figure out which components work together. This easy-to-buy collaboration bundle provides rich, beautiful HD video conferencing that works with any VC software application or cloud service — including the ones you already use. No need to waste precious time trying to get things to work: simply walk into the room and quickly start your meeting.

The Iluminari Quicklaunch SE interface provides a simple, consistent, and familiar experience time after time. Yet it’s completely flexible and can be easily customized to meet the specific needs of different workgroups—or locked down with kiosk mode. Auto-reset ensures the system is always ready to use, while auto-reboot provides a clean start at the push of a button.

The high-performance, small form factor Intel NUC delivers a robust collaboration experience, meeting after meeting. The Intel NUC with Intel Unite makes wireless screen sharing easy, simplifies meeting setup and control, and works in both standalone and complex network environments. Plus, because the Intel NUC is a PC, it can be managed remotely with Intel vPro™ technology.

Welcome to a whole new era of video conferencing flexibility and simplicity with the Logitech ConferenceCam Kit with Intel NUC that turns any space into a true collaboration space.
Logitech ConferenceCam Kit
with Intel NUC

**Configuration Options**

Logitech Connect Kit

Logitech GROUP Kit

**Logitech Connect Kit**

**Logitech GROUP Kit**

**Configuration Options**

**Configured and Validated for Performance and Reliability**
No more guesswork trying to figure out which components work best together to support a premium and consistent group meeting experience.

**Easy-to-buy**
In a single package, you get a video conferencing bundle that includes an Intel NUC, Intel Unite, Logitech ConferenceCam, and Logitech wireless keyboard. This bundle can be easily purchased through your channel partner of choice.

**Scalable and Affordable**
Deploy video in every meeting room at a fraction of the cost to upgrade your current video conferencing solution and avoid unnecessary maintenance costs.

**Plays Well with Others**
Works with the video conference apps and software you already use.

**Full Duplex Omni-Directional Speakerphones**
Hear and be heard with life-like sound that’s crisp, clear, and highly intelligible.

**High Quality HD Video at 30 Frames Per Second**
Brings life-like full HD video to conference calls, enabling expressions, non-verbal cues and movements to be seen clearly.

**90° Field of View with Pan and Tilt**
The generously wide field of view and silky smooth pan and tilt controls make it easy to see everyone in the room.

**LOGITECH CONFERENCECAM**

**INTEL NUC WITH INTEL UNITE**

**ILUMINARI QUICKLAUNCH SE**

**High performance across all uses**
5th generation Intel Core i5-5300U vPro processor.

**Ultra-compact form factor fits almost anywhere**
4.53” x 4.37” x 1.9” small footprint.

**Microsoft® Windows® 10 Pro**
Helps you to manage your devices, apps, and identities in a way that scales up or down with your needs, so your business can grow efficiently.

**Intel Unite**
Software powers secure, connected meeting spaces — whether your colleagues are sitting around the table or halfway around the world. Intel Unite enables wireless content sharing from PC and Mac® devices alike — no more cables, adaptors or managing display settings.

**Works with all PC based UC and video conferencing applications**

**A consistent yet flexible video conferencing experience**
Iluminari Quicklaunch SE delivers a simple and consistent interface, eliminating barriers to launching meetings quickly and easily. Yet it’s completely flexible and can be customized to meet the specific needs of different workgroups. Auto-reset provides a clean start anytime at the push of a button and, because the Intel NUC is a PC, it can be managed remotely using familiar IT tools.

**Protect against unwanted changes**
Lock-down your system with kiosk mode.

‘Room Reset’ feature
Securely end meetings and keep your confidential data secure.

**Integrated camera control**
Provides easy access to camera controls.

**SYSTEM COMPONENTS**
