Logitech Wireless Headset H820e

You are now free to move about the office. Wearing the Logitech® H820e Wireless Headset frees you to take notes on a white board, step into a quiet office, or stand up and stretch. Designed for comfort and convenience, H820e includes a padded headband and replaceable ear pads, with noise-cancelling technology.

Logitech H820e Headset automatically pairs with any H820e dock—ideal for hot desking. The headset also stays connected up to 300 ft (100m) of your desk, with up to 10 hours of wideband talk time. Plus, an LED lets others know you’re on the phone, while a visual indicator tells you when you have an incoming call.

With advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members, users can expect a seamless meeting experience with any video conferencing application.
Logitech Wireless Headset H820e

**FEATURE SPOTLIGHT**

**DECT spectrum wireless connectivity**
Provides exceptional wireless range that won’t interfere with Wi-Fi® devices in your office.

**In-call LED indicator light**
Located on the backside of the boom, this provides a visual alert to those behind you that you are on a call, preventing accidental disturbances during calls.¹

**On-boom mute button and mute indicator LED light**
Intuitively located on the boom, the mute button is easy to identify. An LED light that can be seen while wearing the headset provides a visual mute status by glowing red while muted.

**Intuitive on-ear call controls**
Control the call with on-ear answer/end,¹ volume up/down buttons. The raised button design provides a point of reference for your fingers so you can feel the buttons you’re pressing.

**Up to 10 hours of wideband talk time**
Hear and be heard all day in true wideband audio, ensuring those on both sides of the call enjoy a life-like listening experience. Includes a charging base.

**Up to 300-ft (100-meter) wireless range**
Enjoy the freedom to move widely around the office during conference calls while staying productive.

**Optimized for Microsoft® Lync™; Cisco® compatible**
Provides exceptional wireless range and a great fit for extended use. Includes a charging stand.

**Digital Signal Processing (DSP)**
Ensures enterprise-quality audio and an integrated conferencing platform.

**Hear and be heard all day in true wideband audio**
Up to 10 hours of talk time ensures enterprise-quality audio and is ideal for extended use.

**Wide band/narrow band switch**
Provides the option to switch to narrow band for improved performance in areas of high-density deployment and for extended talk time.

**Logitech Sound Protection**
Designed for protection against sounds above 115dBA to deliver exceptional listening comfort for voice and music; compliant with EN60950-1.

**Contemporary, ultra-lightweight design**
Sleek design and durable materials provide a more attractive look than traditional headsets.

**Strong TR90 nylon construction**
Stronger and more flexible than ABS, making it a more durable material. It also has a higher level of resistance to everyday chemicals including hairspray and sunscreen.
