INSTANT CONFERENCE ROOM.

Logitech Mobile Speakerphone P710e

Turn any workspace into an instant conference room. Logitech® P710e speakerphone lets you instantly connect and start a video conference holding your mobile device steady.

When you need to take a call at home, in a busy office, or in a hotel room on the road, the P710e speakerphone provides long battery life up to 15 hours of talk time. Noise-cancelling mic and speaker offer clear sound on both ends of the call or you can plug a headphone into the P710e for additional privacy.

Set up is a snap, just connect your mobile phone or tablet to the P710e speakerphone using Bluetooth®, or the attached USB cable.

With advanced business certifications¹ and enhanced integration with Logitech Collaboration Program (LCP) members², the P710e provides a seamless integrated meeting experience.
## Logitech Mobile Speakerphone P710e

### Feature Spotlight

**Digital Signal Processing (DSP) for enterprise-quality audio**
Advanced DSP technology enables precise tuning for both the mic and speaker so conversations are more life-like.

**Device stand provides second-screen versatility**
An integrated stand positions a mobile phone or tablet at just the right angle for shake-free video calls and hands-free access to the mobile screen.

**Wideband audio**
Hear and be heard in true wideband audio, so those on both sides of the call can enjoy a life-like communication experience.

**USB and Bluetooth connectivity with NFC pairing**
USB plug-and-play connectivity easily connects to a PC or Mac®, or pair up to eight Bluetooth devices. Easily pair and un-pair NFC-enabled mobile devices to the P710e by simply touching them together.

**Long battery life**
Up to 15 hours of talk time between charges the Mobile Speakerphone P710e outlasts the longest workday.
