Experience video calls that are the next best thing to being there in person. Logitech® C930e Webcam delivers clear video and sound in virtually any environment, even low-light conditions. With HD 1080p, a wide 90-degree field of view, pan, tilt, and 4x digital zoom, C930e offers advanced webcam capabilities for superior video conferencing.

Raise meeting productivity with remarkably clear video at all times—even when bandwidth is limited. The C930e Webcam supports H.264 UVC 1.5 with Scalable Video Coding to minimize its dependence on computer and network resources. Plus, USB plug-and-play connectivity makes the C930e webcam simple to start and even easier to operate.

With advanced business-grade certifications and enhanced integration with Logitech Collaboration Program (LCP) members, you can launch your next presentation or video meeting with complete confidence using any video conferencing application.
