CLEAN iPad SCREEN

1. Use a cloth to clean the iPad® screen. If needed, lightly dampen the cloth with water. Make sure the screen is dry before proceeding to the next step.

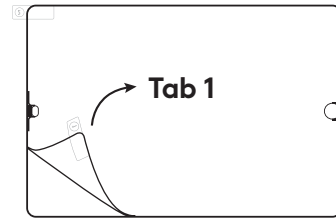

2. Grab the dust removal sticker and peel off the tab to expose the sticky side. Use this to remove any remaining dust on the iPad screen.

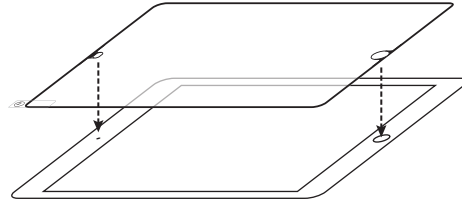

APPLY THE SCREEN PROTECTOR

1. Pull Tab 1 to remove the clear film from the screen protector.

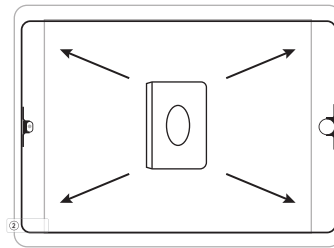

2. Align the screen protector with the iPad screen, making sure the home button and front camera holes are aligned.

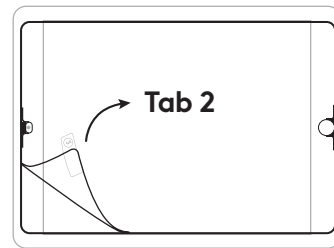

3. Once aligned, place the screen protector on the iPad and press down.

4. Using the rubber squeegee, remove any air bubbles by pressing from the center of the iPad out to the edge.

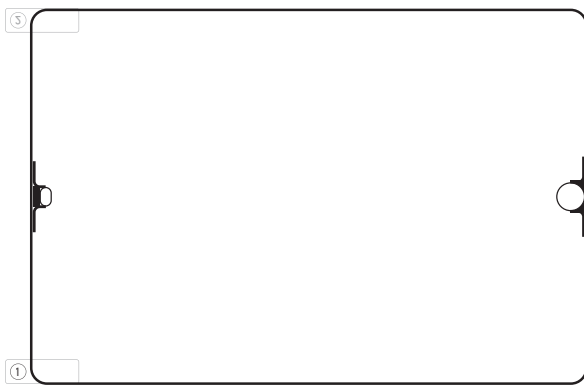

5. Pull Tab 2 to remove the clear film on the screen protector.
