Open workspaces are great for collaboration, but they can also be noisy. Take control of your acoustic environment with Logitech® Zone Wireless' headsets, specifically designed to enhance focus and productivity in busy workspaces.

LOGITECH ZONE WIRELESS HEADSETS

Logitech Zone Wireless and Zone Wireless Plus help you define your workplace soundscape and get stuff done. Transition between phone chats, video conferencing, music, and general noise reduction throughout your day—all with the same headset designed for today's mobile worker. To make communication effortless, Zone Wireless is also equipped with a noise-canceling microphone, ensuring your voice is heard on the other end of a call—not the noise around you. Easily control calls, music, noise cancellation, Bluetooth® pairing and more with the convenient on-ear controls.

Zone Wireless Plus gives you the ability to connect up to six Logitech Unifying wireless peripherals through a single USB Unifying™ + Audio receiver.

Whether for collaboration, communication or concentration, Zone Wireless headsets are made for every work mode.
