Microsoft® Teams Rooms transforms any space to a Teams meeting place with one-touch join, easy content sharing, and center of room control for Microsoft Teams and Skype® for Business meetings. Now, Logitech® makes it easy for IT to deploy these benefits to meeting rooms of all shapes and sizes with pre-configured systems and expert support resources.

Logitech Room Solutions for Microsoft Teams include everything you need to build out conference rooms with one or two displays. Available in small, medium, and large configurations, Logitech Room Solutions for Microsoft come pre-configured with a Microsoft-approved mini PC, a Logitech conferencecam with RightSense technologies, a PC mount with cable retention, and the Logitech Tap touch controller.

Systems arrive neatly packaged and ready for installation. A setup guide shows how components fit together, while an online wizard guides you through configuration step-by-step. If you need assistance with initial configuration and integration with your Microsoft infrastructure, Logitech JumpStart service provides access to additional resources and deployment experts.

With quality components, commercial-grade cabling, and innovations that automate a better user experience, Logitech Room Solutions for Microsoft Teams make it easy to deploy Microsoft Teams Rooms throughout the workplace.
**SMALL ROOMS**

Designed for focus rooms and smaller conference rooms, the small configuration minimizes cabling and saves space with Logitech MeetUp, a marvel of miniaturization that mounts neatly above or below a display. Place Logitech Tap on the table, or add a wall mount to save even more space.

**MEDIUM ROOMS**

As rooms get bigger, tables grow longer and people sit farther from the camera. That's why the medium configuration features Logitech Rally, a premium conferencecam that pairs an advanced ultra-HD camera with modular audio that scales to support a wide range of room sizes and layouts.

**LARGE ROOMS**

The large configuration upgrades to Rally Plus with two speakers for clear audio throughout the room. Dual mic pods expand coverage for up to 16 people, and the system supports up to 7 mic pods for rooms with up to 46 seats.

---

**FEATURED COMPONENTS**

**Logitech Tap**
Touch controller for workplace collaboration

**Logitech MeetUp**
All-in-One conferencecam with an extra-wide field of view and integrated audio
See everyone, even those close to the camera
RightSense™ technologies with automatic framing
Compact design minimizes cabling and clutter

**Logitech Rally**
Premium Ultra-HD conferencecam system for mid-size rooms
RightSense technologies with automatic framing
Front-mounting speaker and tabletop mic pod for natural, directional audio
Premium components and sleek industrial design

**Logitech Rally Plus**
Premium Ultra-HD conferencecam system for larger rooms
Adds a second speaker and second mic pod for expanded coverage
Expand with additional mic pods (up to 7 total) for rooms with up to 46 people
Large configurations add a Rally Mic Pod Hub for under-table cable routing

---

**Responsive 10.1” touch screen**
Fan-free for silent operation
Commercial-grade cabling and cable management
HDMI input for instant content sharing
**FEATURED COMPONENTS**

**Logitech Strong USB**  
SuperSpeed USB 10 Gbps cable  
10m Included  
25m Optional

The Logitech Tap touch controller connects to the meeting room PC via Logitech Strong USB, a plenum-rated cable that offers 10 meters (32.8 feet) of reach. Even in larger rooms, you can position Tap for convenient operation while hiding the PC in a credenza or behind display.  
Aramid-reinforced for a durable connection between Tap and the PC  
Plenum-rated and Eca certified for runs in walls, raceways, and conduit  
25 meter cable also available

**PC Mount**  
Mounting bracket with integrated cable retention

Compatible with Intel® NUC and other SFF PCs with a 100mm VESA pattern  
Integrated cable retention keeps connections tight  
Secures computers and cables to walls and beneath tables

**Logitech JumpStart**  
Initial integration support for Logitech Room Solutions for Microsoft Teams

Includes 90 days of access to expert resources  
Staffed by dedicated personnel with full system expertise  
Complements the support and warranty services included with individual components  
Services delivered in English only

**Rally Mic Pod**  
Modular microphones with RightSound™ for Logitech Rally

Auto-levels voices and suppresses noise for clear audio  
Convenient mute control and indicator light  
Connect up to seven Mic Pods for U-shaped tables and large rooms  
Large room configurations include a Rally Mic Pod Hub to simplify under-table cable routing

**MOUNTS FOR LOGITECH TAP**

Place the Logitech Tap touch controller on the tabletop, or add a mount for better security, convenience and cable management. The Table and Riser mounts fit in standard grommet holes and swivel 180° for operation from both sides of the table. The Wall mount saves space in smaller rooms.
