Zoom Rooms transform any space to a Zoom meeting place with one-touch join, easy content sharing, and center of room control for online meetings. Now, Logitech® makes it easy for IT to deploy these benefits to meeting rooms of all shapes and sizes with pre-configured systems and expert support resources.

Logitech Room Solutions for Zoom include everything you need to build out conference rooms with one or two displays. Available in small, medium, and large configurations, Logitech Room Solutions for Zoom come pre-configured with a Zoom-approved mini PC, a Logitech conferencecam with RightSense™ technologies, a PC mount with cable retention, and the Logitech Tap touch controller.

Systems arrive neatly packaged and ready for installation. A setup guide shows how components fit together, while an online wizard guides you through configuration step-by-step.

With quality components, commercial-grade cabling, and innovations that automate a better user experience, Logitech Room Solutions for Zoom make it easy to deploy Zoom Rooms throughout the workplace.
SMALL ROOMS

Designed for focus rooms and smaller conference rooms, the small configuration minimizes cabling and saves space with Logitech MeetUp, a marvel of miniaturization that mounts neatly above or below a display. Place Logitech Tap on the table, or add a wall mount to save even more space.

MEDIUM ROOMS

As rooms get bigger, tables grow longer and people sit farther from the camera. That’s why the medium configuration features Logitech Rally, a premium conferencecam that pairs an advanced ultra-HD camera with modular audio that scales to support a wide range of room sizes and layouts.

LARGE ROOMS

The large configuration upgrades to Rally Plus with two speakers for clear audio throughout the room. Dual mic pods expand coverage for up to 16 people, and the system supports up to 7 mic pods for rooms with up to 46 seats.

FEATURED COMPONENTS

Logitech Tap
Touch controller for workplace collaboration

Logitech MeetUp
All-in-One conferencecam with an extra-wide field of view and integrated audio

Logitech Rally
Premium Ultra-HD conferencecam system for mid-size rooms

Logitech Rally Plus
Premium Ultra-HD conferencecam system for larger rooms

Responsive 10.1” touch screen
Fan-free for silent operation
Commercial-grade cabling and cable management
Ultrasonic emitter and HDMI input support both wireless (Direct Share) and wired content sharing

See everyone, even those close to the camera
RightSense Technologies with automatic framing
Compact design minimizes cabling and clutter

RightSense Technologies with automatic framing
Front-mounting speaker and tabletop mic pod for natural, directional audio
Premium components and sleek industrial design

Adds a second speaker and second mic pod for expanded coverage
Expand with additional mic pods (up to 7 total) for rooms with up to 46 people
Large configurations add a Rally Mic Pod Hub for under-table cable routing
FEATURED COMPONENTS

Logitech Strong USB
SuperSpeed USB 10 Gbps cable

The Logitech Tap touch controller connects to the meeting room PC via Logitech Strong USB, a plenum-rated cable that offers 10 meters (32.8 feet) of reach so you can position Tap for easy reach while hiding the PC in a credenza or behind display.

- Aramid-reinforced for a durable connection between Tap and the PC
- Plenum-rated and Eca certified for runs in walls, raceways, and conduit
- 25 meter cable also available

PC Mount
Mounting bracket with integrated cable retention

- Compatible with Intel® NUC and other SFF PCs with a 100mm VESA pattern
- Integrated cable retention keeps connections tight
- Secures computers and cables to walls and beneath tables

Rally Mounting Kit
Included with medium and large configurations

Securely position Rally Camera on wall or near ceiling

- Low-profile speaker brackets provide “floating” appearance
- Robust cable retention brackets keep connections tight

Rally Mic Pod
Modular microphones with RightSound™ for Logitech Rally

Auto-levels voices and suppresses noise for clear audio

- Convenient mute control and indicator light
- Connect up to seven Mic Pods for U-shaped tables and large rooms
- Large room configurations include Rally Mic Pod Hub to simplify under-table cable routing

MOUNTS FOR LOGITECH TAP

Place the Logitech Tap touch controller on the tabletop, or add a mount for better security, convenience and cable management. The Table and Riser mounts fit in standard grommet holes and swivel 180° for operation from both sides of the table. The Wall mount saves space in smaller rooms.
