

Healthcare Solutions

Technology that simplifies care delivery

Ease of use from beginning to end.

Healthcare teams depend on comfortable workspaces, coordinated workflows, and consistent technology across every stage of care delivery. Whether supporting clinical, operational or administrative activities, technology should naturally fit into the daily experience. Logitech solutions reduce physical strain while simplifying communication and collaboration, enabling a greater focus on patient care.

IMPROVING CARE TRANSITIONS

72%

Fewer 30-day readmissions when virtual nursing is used to guide patients through discharge education and care plans.¹

Unifying the Care Experience

Built around the workflows healthcare teams already depend on.

- **Supporting collaboration:** Connect patients, providers, care teams, families, and operational staff together.
- **Fit the realities of care:** Whether deployed at the bedside, in a virtual care hub, or at a shared desk, Logitech solutions adapt to the physical setup and enhance daily comfort.
- **Reliable, easy to use, easy to support:** Keep vital workflows moving with technology that is simple to deploy, manage, and maintain.
- **Supporting consistency at scale:** Standardize delivery across desktops, rooms, carts, and virtual care environments.

Empowering Teams Across Healthcare

ADMINISTRATION

Improve administrative workflows with comfortable, durable desktop solutions.

VIRTUAL NURSING & BEDSIDE

Seamlessly connect virtual specialists, interpreter services, and bedside caregivers in patient rooms.

CLINICAL EDUCATION

Accelerate staff development with reliable video solutions that streamline onboarding, case reviews, and learning.

Explore Solutions by Environment

ADMINISTRATIVE WORKSPACES

Optimizing the front door of care requires comfortable devices that support consistent patient experiences while minimizing staff data-entry fatigue. Logitech desktop solutions bring reliability to shared workspaces and back-office environments.

Suggested Solutions:

- **MK120 or MK625** (Wired Keyboard & Mouse Combo)
- **Wave Keys or Ergo K860** (Ergonomic Wireless Keyboard)
- **Lift** (Ergonomic Wireless Vertical Mouse)
- **Brio 305** (Wired Business Desktop Webcam)

CONTACT CENTERS & CALL CENTERS

Managing patient coordination, scheduling, and referral loops relies on clear, uninterrupted communication. Logitech solutions help team members maintain focus and reduce strain.

Suggested Solutions:

- **H390, H570E, or H650E** (Noise-Canceling Wired Headset)
- **Zone 305 or Zone Wireless 2 ES** (Noise-Canceling Wireless Headset)
- **MK650** (Quiet Keyboard & Mouse Combo)

PATIENT ROOM TECHNOLOGY

Scale bedside visibility without adding to nursing workloads. Logitech wall-mounted video bars support on-demand translation services, remote registration, and caregiver support at the bedside.

Suggested Solutions:

- **Rally Bar Huddle with Easy-Clean Cover** (Wipeable Video Bar)
- **MeetUp 2** (Compact Video Bar for Small Patient Spaces)

Foundational By Design

Section 508 compliant for accessibility standards

Integrated with Zoom, Microsoft Teams, and Google Meet

Simple to deploy, manage, and standardize

Human-factors and ergonomic design

TELECARE CART

Effective telecare requires technology that keeps connections between patients and providers consistent and clear. Logitech solutions help support private, reliable, interactions that enhance virtual care.

Suggested Solutions:

- **MK625** (Signature Wired USB Workstation Keyboard and Mouse)
- **Brio 705** (Wired 4K Webcam with Integrated Privacy Shutter)
- **Zone Wired 2** (Noise-Canceling Wired Headset)
- **MK120** (Spill Resistant USB-A Wired Keyboard and Mouse)

logitech®

EDUCATION & COLLABORATION SPACES

Connecting experts and learners requires purpose-built, scalable video systems. Logitech solutions help participants see, hear and contribute clearly across multidisciplinary education and collaboration spaces.

Suggested Solutions:

- **Rally Bar or Rally Bar Mini** (Wired Medium or Small Room Video Bar)
- **Rally Plus** (Large-Room Modular Wired Video System)
- **Rally AI Camera Pro** (Wired AI Presenter Tracking Camera)
- **Logitech Reach** (360 degree Articulated Overhead & Physical Content Camera)
- **Tap** (Wired Touch Room Controller)
- **Spotlight 2** (Advanced Wireless Presentation Remote)
