Wireless headset ideal for mass deployment

Key benefits for government employees:

Crystal-clear communication:

Logitech MeetUp 2 delivers a high-quality audio and video experience, ensuring everyone is seen and heard.

Boost meeting productivity:

Logitech Tap streamlines meeting workflows with intuitive touch controls.

Remote employee connection:

Logitech Brio 505 ensures clear visuals, whether you're meeting is on-site or miles away. Lightweight Zone 305 headset offers reliable long-range connection for uninterrupted calls.

Clean setup, maximum impact:

With unique mounting options, keep your meeting space clutter-free.
