Signature Slim Wired Combo MK625

The Signature Slim Wired Combo MK625 helps to boost productivity in various educational settings with reliable *USB-C* wired connectivity. With quiet, comfortable typing and an ambidextrous mouse with fast scrolling, it's perfect for shared spaces. Designed for seamless compatibility across OS platforms, it ensures high-performance functionality.

- **A high-quality typing experience.** Ideal for students and educators, the keyboard layout features low-profile keys with a gentle “scoop” to provide a familiar experience for touch typists.
- **Reduce click noises by 90%.** The quiet clicks help maintain focus in shared learning spaces. The mouse includes Silent Touch technology, which reduces clicking noise by 90%.¹
- **Ideal for right or left hand usage.** A mouse suitable for both right-handed and left-handed users, making it convenient for IT departments to deploy in educational environments that require wired solutions.
- **Scroll quickly with SmartWheel technology.** Enables students and educators to scroll at a high speed when reviewing a lengthy document and scroll line-by-line for detailed content review.
- **AI at your fingertips.** Launch educational AI tools like Copilot in Windows or Gemini for ChromeOS using the AI Launch key.² Customize the key to open other AI resources, such as ChatGPT or the Perplexity app, via Logi Tune.³
- **Easily configure preferred OS settings.** The multi-OS toggle switch allows IT staff to easily switch between *Windows*, *macOS*, or *ChromeOS*. Students and educators can also change the operating system platform with a simple switch.

¹ Click noise reduced by over 90% compared to Logitech M185. Left click and typing dBA level measured by an independent lab at 1 meter.

² *Copilot* requires Windows 11 or later and *Gemini* requires Chrome version 133.0.6882.0 or above. For more details, visit logitech.com/support/MK620B

³ Customize device settings by installing the Logi Tune or Logi Options+ app available on Windows and macOS at logi.com/tune or logi.com/optionsplus.

⁴ Meeting control keys require Logi Tune or Logi Options+ installed to get full functionality. Mute microphone key works out of the box on *Microsoft Teams* and *Webex* on Windows. For more details, visit logitech.com/support/MK620B

⁵ Logi Tune and Logi Options+ app are currently not supported. The device's basic functions will work without software.

⁶ Requires Logi Tune downloaded on individual laptops.

⁷ Excludes plastic in printed wiring assembly (PWA), cables, receiver, and packaging.

⁸ Sold separately on logi.com and selective channels.
