

Logitech iPad Solutions for Education

Boost student potential, allowing them to learn, create, and thrive—in class, at home, and wherever they may roam.

Logitech accessories enhance Apple® experiences— and that’s completely by design.

In fact, we’ve been designing solutions for Apple products for over a decade. The result is a suite of tools that elevate every Apple experience with more functionality, more customization, and more comfort. Logitech’s Rugged Combo keyboard cases and Crayon digital styluses are built to pair with iPads and each other seamlessly. Rugged durability and seamless design? That’s what we call a perfect combo for students of all ages.
