# Unlimited Learning

Create consistent, high-quality learning experiences on campus with Logitech and Zoom.

When institutions combine Logitech's certified video and control solutions with Zoom's collaboration platform, they can standardize technology across campus while staying flexible for future needs.

## Learning everywhere requires

### Simplicity & consistency

Teach without friction, anywhere

### Video enablement

High-quality video for diverse uses and spaces

### Collaborative design

Bring people together and scale across campus

## Classroom education

Deliver in-person, hybrid, and hyflex teaching experiences across campus.

### Compute & control: bring your own device (BYOD)

- [MK650 Combo](#) - A comfortable, reliable keyboard and mouse for all-day teaching and seamless control
- [Spotlight 2](#) - An advanced presenter featuring digital highlighting, haptic feedback, and a customizable action button, designed to make presentations more interactive

### Content sharing

- [Scribe](#) - An AI-powered whiteboard camera that captures and shares content clearly
- [Reach](#) - An adjustable camera that captures experiments and non-digital content with clarity

### Lecture capture

- [Rally Camera Streamline Kit](#) - An easy-to-deploy PTZ camera system with intuitive controls for smooth lecturer tracking
- [Rally Camera AI Pro](#) - An AI-powered camera for dynamic, hands-free teaching over Zoom

### Hybrid student participation

- [Rally Board 65](#) - An all-in-one collaboration display on a mobile cart which can be deployed either as a standalone Zoom Room or a companion device to your existing Zoom Room

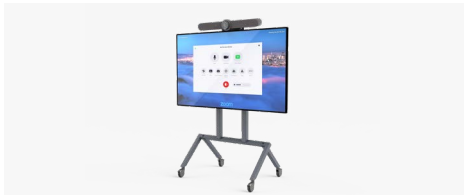

### Class student capture (BYOD)

- [Rally Camera Streamline Kit](#) - A video capture solution with preset views that keep the whole conversation in frame

## Lab education

Support hands-on instruction and real-time collaboration in dynamic learning environments.

### Lab lesson enablement

- [Rally Board 65](#) - A movable touchscreen that makes experiments Zoom-ready with crystal-clear video and audio

### Demonstrations

- [Combo Touch for iPad Air](#) - A versatile iPad keyboard case with trackpad for protection and ease of use

## Lesson creation

Empower educators to create, capture, and share high-quality content from anywhere.

### Desktop AV capture

- [Brio 505](#) - A full HD webcam with auto light correction and noise-reducing mics
- [Litra Glow](#) - A TrueSoft lighting solution that enhances camera presence
- [Reach](#) - A content camera ideal for capturing step-by-step procedures and lecture content

### Portable compute

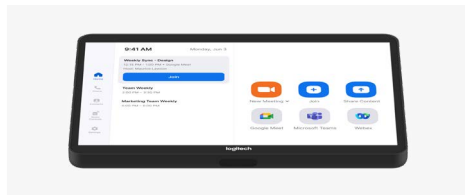

- [Combo Touch for iPad Air](#) - A flexible solution to enhance streaming from iPad, anywhere, anytime
- [Mevo Studio](#) - Intuitive production software enabling easy multi-camera control from a single device

### Portable AV capture

- [Mevo Start](#) - A portable 1080p streaming camera with wireless flexibility and long battery life
- [Mevo Core](#) - An advanced 4K camera with interchangeable lenses for production-level video capture

## Group learning

Enable seamless collaboration in study rooms, huddle spaces, and shared environments.

### Video collaboration & control

- [Rally Bar Huddle](#) - A compact all-in-one video bar designed for small spaces
- [Rally Bar Mini](#) - A powerful, space-saving video bar enabling Zoom VC in mid-sized classrooms
- [Rally Bar](#) - An enterprise-grade, all-in-one solution for Zoom in larger classrooms
- [Rally Plus](#) - Modular AV system for large or complex rooms, offering flexible mic and speaker configurations for full-room coverage
- [Tap IP](#) - Network-connected touch controller to simplify starting and managing Zoom sessions

### Content sharing

- [Reach](#) - A content camera for stunning views of non-digital content from novel POVs
- [Scribe](#) - A camera that effortlessly shares whiteboard content into Zoom meetings
- [Spotlight 2](#) - An advanced presenter featuring digital highlighting, haptic feedback, and a customizable action button, designed to keep groups engaged whether they're on Zoom, in-person or both

# Remote learning

Extend academic growth to desks, dorms, and remote settings.

## Input & navigation

- [MK120 Combo](#) - A simple, durable wired keyboard and mouse for dependable everyday use
- [MK625 Combo](#) - A mouse and keyboard combo designed for comfort, productivity, and USB-C connectivity

## Video

- [Rally Camera Streamline Kit](#) - An easy-to-deploy PTZ camera system with intuitive controls for smooth lecturer tracking
- [Brio 305](#) - A full HD webcam with auto light correction, noise-reducing mic, and USB-C connectivity

## Simplify today. Scale for tomorrow.

With Logitech and Zoom working as one, institutions can standardize technology across campus while staying flexible for future needs.
