

# Logitech education solutions for MacBook Neo

Tools to enhance learning and teaching with Apple® devices

For more than a decade, we've designed a suite of tools that bring even more functionality, customization and comfort to every Apple experience. Designed with learners in mind, Logitech accessories complement the quality and performance of MacBook Neo, making them ideal for modern educational spaces.

## Enhanced focus

Headsets can help reduce classroom noise, improve concentration and comprehension. More than **80% of students surveyed found it easier to focus with a Logitech headset.**<sup>1</sup> Furthermore, 69% of teachers report increased learning disruptions when students lack proper hardware accessories.<sup>2</sup>

## Comfort & performance

Mice are essential tools for enhancing comfort, precision and posture. **60% of children between 10-17 years old report discomfort during laptop use without companion tools.**<sup>3</sup> Research also shows students ages 10-18 perform better with a Logitech mouse vs. alternatives.<sup>4</sup>

## Solutions for Secondary Education (7th - 12th grade)

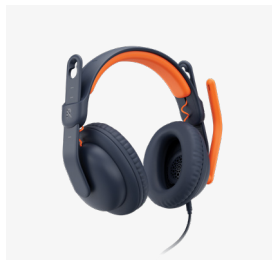

### H111 for Education

A simple and durable wired headset with a 3.5mm jack and leatherette ear covers for reliable classroom performance

### H390 (USB-C)

A comfortable headset that delivers clear audio for extended use in student and educator environments

### Zone Learn

A headset designed with learners in mind, featuring swappable ear cushions for sustained focus and 3.5mm AUX or USB-C cables

### M196

Reliable Bluetooth® mouse with precision control that connects in seconds with no dongle or port required, and a 12 month battery life

### Signature M650

Available for small-to-medium hands, large-sized hands, and left-handed users, the M650 helps students work quickly, efficiently, and quietly with SilentTouch technology

## Solutions for Higher Education

### Zone 305

A lightweight headset offering Bluetooth connectivity, high-quality audio and a reliable long-range connection for uninterrupted calls

### Zone Vibe Wireless

Versatile, over-the-ear, Bluetooth® headset with a discreet flip-to-mute mic for instant privacy

### Signature M650

Available for small-to-medium hands, large-sized hands, and left-handed users, the M650 helps students work quickly, efficiently, and quietly with SilentTouch technology

### MX Anywhere 3S

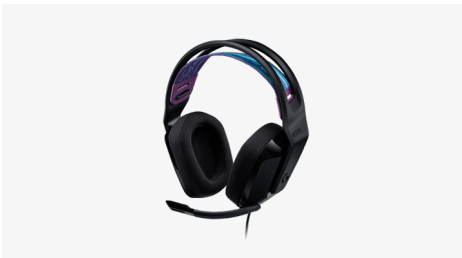

Compact wireless mouse designed for mobile work and study and featuring customizable buttons, tracking speed and more.

### Lift

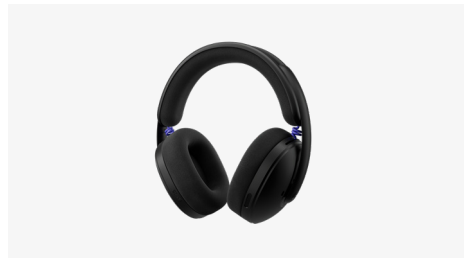

Ergonomic, vertical mouse designed for comfort during long study sessions with optimal angled hand placement to reduce wrist and hand strain

## Specialized Gaming Solutions

### G335

Lightweight wired gaming headset with suspension headband design, 3.5mm audio jack and multiplatform compatibility and built-in controls with flip-to-mute mic

### G325

Wireless Bluetooth® gaming headset delivers 24-bit dynamic audio, a built-in beamforming mic, and 24+ hours of battery

Logitech accessories are designed to make learning and teaching easier. With tools that enhance performance, comfort and functionality, Logitech supports the evolving needs of schools, students, and teachers to reach their full potential.
