

DATASHEET

Rugged Combo 4c & Rugged Combo 4c Touch

Enable students to engage with content in diverse and meaningful ways.

Bring uninterrupted learning to the classroom

Rugged Combo 4c and 4c Touch are complete solutions to bring iPad into your classroom. These slim keyboard cases with rugged protection feature pluck-proof keys and offer military-grade drop protection.

A USB-C charge port on the keyboard allows students to charge iPad and connect headsets simultaneously, ensuring quality learning and increased focus across every grade and assignment.

- Tough enough for the classroom. Form-fit, **military-grade drop protection** with **pluck-proof, sealed keys**, and easy-to-clean materials
- **USB-C charge port** to allow simultaneous charging and wired headset use
- Power and pair in one click with **Smart Connector**
- **High-precision trackpad*** with Multi-Touch gestures (*Touch model only)
- Updated design allows **Apple Pencil magnetic attachment**, and the magnetic latch provides a home for Logitech Crayon or other digital pencil.
- Students can **adjust to the perfect angle** for typing, viewing, or sketching, and completely fold the kickstand away for reading.
- **Easy device deployment and management** with a QR code and a large asset-tagging window
- **3-year warranty** with customer care support

Why it matters

With the power of a physical keyboard, students **type quickly, easily and accurately** thanks to comfortable, well-spaced keys.¹

An angled typing position supports students' health and well-being, by **reducing forward head tilt linked to increased neck strain**, which research estimates can reach up to ~60 lbs during device use.²

Multi-Touch™ trackpad gestures **allow students and teachers to work quickly and fluidly** swiping, pinching, and double tapping their way through assignments, learning apps, web pages, and more.

PRODUCT SPECIFICATIONS

Compatible Devices	iPad (10th gen & A16)
Use Modes	Type, sketch, view, and read
