THE PERFECT PAIR FOR CREATIVITY AND PRODUCTIVITY

Logitech accessories boost student potential, letting them learn, create, and thrive—in class, at home, and wherever they may roam.

Logitech accessories just go with Apple experiences—and that’s completely by design. In fact, we’ve been designing solutions for Apple products for over a decade. The result is a suite of tools that elevate every Apple experience with more functionality, more customization, and more comfort. Now that’s what we call a perfect pair.

RUGGED COMBO 3
Give students the power to type, create, and thrive while protecting their iPad devices at every step. Sealed, pry-resistant keys and a case that exceeds MIL-STD-810g drop test standards help make the Rugged Combo 3 the perfect tool for learning.

RUGGED COMBO TOUCH
Rugged Combo 3 Touch takes Rugged Combo 3 to the next level with an integrated Multi-Touch™ trackpad. Students will learn and explore on their iPad devices like never before with effortless, efficient navigation.

Attaching Logitech Keyboard Cases to iPad Devices:
- Enables students to show their learning by writing, typing, or creating multi-media projects
- Empowers students by providing the flexibility to choose their ideal learning setup
- Satisfies state requirements for testing technology and supports student performance during assessments
- Provides the ultimate protection, extending the residual value of the device
GIVE STUDENTS THE FLEXIBILITY TO WORK IN FIVE VERSATILE USE MODES

Five versatile use modes help students succeed in any scenario. Whether it’s creating multi-media projects, coding, or writing an essay, Rugged Combo 3 and Rugged Combo 3 Touch have a mode to match.

1. **Type Mode** – Dock the keyboard upright and type away.
2. **Viewing Mode** – Fold back the keyboard and pull out the kickstand to watch educational videos and more.
3. **Sketch Mode** – Collapse the screen to sketch or take handwritten notes with Logitech Crayon.
4. **Read Mode** – Fold the keyboard back to read books, articles, and more.
5. **Camera Mode** – The opening in the case allows students to take photos or videos.
