

COMPARISON MATRIX

PERSONAL COLLABORATION

Logitech® headsets are always ready for your next business call. Compatible with all leading unified communications platforms, the Logitech H-Series headsets offer life-like sound in a simple, easy-to-use design.

LOGITECH H-SERIES BUSINESS HEADSETS

Business users who take calls from their computers in open workspaces, offices, or home offices will appreciate the comfortable design of the classic H820e, H650e and H570e headsets. With intuitive on-ear or in-line controls and noise-cancelling mics, these headsets are designed for busy professionals who need audio clarity, whether on conference calls with clients or quick check-ins with colleagues. Available in both mono and stereo options, these headsets are intended to make calls easy and productive.

LOGITECH H-SERIES HEADSETS FOR BUSINESS

Logitech H-Series headsets are certified for Skype® for Business, compatible with Microsoft® Teams, Certified for Cisco® Jabber® and work with other popular calling applications across most all platforms and operating systems to ensure seamless integration in the workplace.¹
