

PERSONAL AND ROOM COLLABORATION SOLUTIONS

Logitech® solutions for Google Meet™ bridge the gap between in-person and anywhere else. For a powerful video meeting experience, use Logitech Rally Bar, Webcams, Zone Headsets and Earbuds. All are certified to work with Google Meet video conferencing software. Collaboration equity starts here.

ENJOY COLLABORATION EQUITY

Collaboration equity is the ability to contribute equally — regardless of your location, device, language, or experience level. Discover how Logitech webcams, headsets, earbuds, and conferencecams deliver a seamless Google Meet experience that's so lifelike, you'll forget that the technology is there. If you feel like high-fiving your teammate through the screen, feel free. You're basically there, anyway.

FULLY PARTICIPATE FROM ANYWHERE

The right equipment makes all the difference. Personal collaboration kits from Logitech provide integrated audio and video that is reliable, simple to set up, and easy to use. Collaborate distraction-free from anywhere with video collaboration tools designed for the hybrid workforce.

CONNECT MEANINGFULLY

Enjoy the human connection you need to stay healthy. Have in-depth conversations. Exchange ideas. Be your best — or even better. The power of near-in-person meetings is in your hands with Logitech and Google's video collaboration tools.

ENTERPRISE-GRADE EXPERIENCE IN EVERY MEETING

Logitech room solutions for Google Meet provide a suite of proactive technologies that automate and enhance your meeting experience for small, medium, and large rooms. Room kits include Logitech Tap, a Google Meet Compute, and a certified conference camera for plug and play video meetings.

SMALL

With an ultra-compact form factor, Logitech MeetUp is easy to install in phone rooms and small spaces. Or step up to Rally Bar Mini for premium audio and video quality, plus AI-powered features like RightSight autoframing. Place Logitech Tap on the table, or add a wall mount to save even more space.

MEDIUM

As rooms get bigger, tables grow longer and people sit farther away from the camera. Choose from the all-in-one Logitech Rally Bar or the modular Rally System. Both solutions offer a premium conferencecam with an advanced ultra-HD camera that scales to support a wide range of room sizes and layouts.

LARGE

The large configuration features the expandable Rally Plus System with two speakers and two mic pods for crystal clear audio throughout the room for up to 16 people. The system supports up to 7 mic pods for rooms with up to 46 seats.

FEATURED PRODUCTS

RALLY BAR MINI

All-in-one video bar with built-in AI enhancements for small rooms.

- Razor-sharp optics with 4X HD digital zoom and motorized pan and tilt lens provides expansive room coverage
- Ultra-low distortion speakers deliver crystal clear sound
- AI Viewfinder for enhanced RightSight auto-framing
- Add up to two Rally Mic Pods to extend audio coverage

MEETUP

All-in-one conferencecam with ultra-wide lens and compact form factor for small rooms. Supports 1 optional expansion mic.

RALLY BAR

The premiere all-in-one video bar with built-in AI enhancements for midsize rooms.

- Lossless image quality up to 5X optical zoom, digitally enhanced to 15X total zoom
- Large, ultra-low distortion speakers for room-filling sound
- AI Viewfinder for enhanced RightSight auto-framing
- Add up to three Rally Mic Pods to extend audio coverage

RALLY SYSTEM

Modular video conferencing system for midsize rooms. Offers 5X optical zoom, digitally enhanced to 15X total zoom. One Rally Speaker and one Rally Mic Pod (extensible up to seven).

RALLY PLUS SYSTEM

Premier modular video conferencing system for large rooms.

- Customizable for large rooms of virtually any size or shape
- Brilliant optics up to 5X optical zoom, digitally enhanced to 15X total zoom
- Two Rally Speakers and two Rally Mic Pods (extensible up to seven) ensure every voice is clearly heard

LOGITECH TAP

Included with room kits. Touch controller for workplace collaboration

- Responsive 10.1" touch screen
- Fan-free for silent operation
- Commercial-grade Cat5e cabling (10m included, 40m max) with cable management
- HDMI input for local projection

GOOGLE MEET COMPUTE SYSTEM

Included with room kits, this small footprint compute system is Google-approved and ready to use. Magnetic mounts include upright desktop stand, VESA wall mount, and Logitech PC mount with cable retention.

PERSONAL COLLABORATION SPACES

Stay in control of what viewers can see and hear with a headset and webcam designed for video collaboration. Logitech Personal Video Collaboration Solutions can turn any desktop into an instant collaboration space, whether you're working remotely or in an open office. RightLight technology optimizes webcam settings for more natural light and color. Logi Tune app provides an intuitive dashboard for easy setup, control and customization.

LOGI DOCK

- ✓ All-in-one docking station with one-touch-join meeting controls and speakerphone
- ✓ Full calendar integration via Logi Tune with ambient lighting to indicate meeting and in-call status
- ✓ Connects up to five USB peripherals, two monitors and Bluetooth® mobile devices, all while supporting up to 100W laptop charging
- ✓ Speakerphone with adaptive beamforming mics and background noise suppression
- ✓ High-fidelity speakers deliver rich audio for meetings, media, and distance learning

WIRED PERSONAL VIDEO COLLABORATION KIT

- ✓ C925e high-definition 1080p webcam with 78° diagonal field of view and RightLight 2
- ✓ Zone Wired headset with premium quality sound and advanced noise-canceling mic technology

ZONE WIRELESS HEADSET

- ✓ Noise-cancelling dual mic technology
- ✓ Active noise cancellation
- ✓ Seamlessly connect and switch between computer and smartphone
- ✓ Simple on-ear controls for volume, music, and calls
- ✓ Plus version connects up to six Logitech wireless peripherals to a single receiver

ZONE TRUE WIRELESS EARBUDS

- ✓ Connects with Bluetooth®, USB-A receiver with USB-C adapter
- ✓ Up to 30m/100 ft range (open field line of sight)
- ✓ 6 hours of talk time and 9 hours of listen time
- ✓ Omni-directional, dual MEMS mics array with beamforming and an inward-facing mic

ZONE WIRED EARBUDS

- ✓ Wired 3.5 mm audio jack, USB-C connection, and USB-A adapter for simple plug and play reliability
- ✓ Dual MEMS noise-canceling mic with digital signal processing (DSP)
- ✓ In-ear earbud design with silicone eartips provides passive noise isolation and minimal sound leakage
- ✓ Omni-directional, dual MEMS mics array with beamforming and an inward-facing mic
- ✓ 4.8 ft cable allows for more flexibility

ROOM SOLUTION COMPONENTS AND ACCESSORIES

TAP SCHEDULER

Optional scheduling panel for meeting rooms

- 10.1" touch display
- Anti-fingerprint oleophobic coating
- Flat angle for accessibility
- Flush-mounted 31.4 mm from the wall
- Availability lighting

TAP TABLE, RISER, OR WALL MOUNT

Secure Tap flat to the table, raise the viewing angle, or mount it on the wall to conserve space, minimize cabling, and optimize the user experience.

RALLY SPEAKER

Fill larger rooms with clear audio, supported by RightSound technologies. Compatible with Rally Bar Mini, Rally Bar, and the Rally System. Available in graphite or white.

TV MOUNT FOR VIDEO BARS

Neatly secure Rally Bar Mini or Rally Bar above or below a TV or monitor.

RALLY MIC POD

Expand audio coverage and provide convenient access to mute controls. Compatible with Rally Bar Mini, Rally Bar, and the Rally System. Available in graphite or white.

WALL MOUNT FOR VIDEO BARS

Mount Rally Bar Mini or Rally Bar on the wall for minimal footprint.

RALLY MIC POD HUB

Customize mic placement for your table shape. Rally Mic Pod Hub is optional for the small and medium room configurations.

RALLY MIC POD MOUNT

Hide cables and anchor mics on the table or ceiling for a clean, finished look. Available in graphite or white.

RALLY MIC POD EXTENSION CABLE

Add 10 meters of additional reach to the cabling of Rally Mic Pod or Rally Mic Pod Hub for larger spaces.

RALLY MOUNTING KIT (FOR RALLY SYSTEM)

Position Rally Camera on the wall or near the ceiling. Low profile speaker brackets provide a "floating" appearance.
