QSC®

SCALE WORLD CLASS AUDIO AND VIDEO TO EVERY SPACE

Logitech video collaboration solutions paired with the Q-SYS Platform by QSC deliver advanced AV processing and room control to every space. Q-SYS flexible, software-based foundation makes it easy to integrate and maintain across the enterprise, while offering the reliability and continuity needed to keep communication and collaboration going strong.

BETTER TOGETHER

QSC and Logitech deliver purpose-built solutions for high-value spaces that deliver the familiar collaboration experience users have come to expect. With its IT-friendly approach, Q-SYS aligns with Logitech's focus on open platforms and well-designed user experiences.

SIMPLE TO DEPLOY

Q-SYS by QSC is a cloud-manageable, software-based platform, making it a breeze to deploy. Driven by Q-SYS OS, a Q-SYS Core provides advanced audio processing, video distribution and room control for the space and only needs a single USB connection to the room compute device, including the Logitech RoomMate.

CERTIFIED FOR GOOGLE, MICROSOFT, AND ZOOM

QSC and Logitech Room Solutions provide certified solutions for Microsoft Teams Rooms, Google Meet, and Zoom Rooms and are validated to work with the other leading UC platforms.

ROOM CONTROL ON TAP

The integrated control engine within Q-SYS delivers a customizable yet familiar user experience. For Microsoft Teams Rooms, users can control their meeting and other elements in the room, like lighting and shades, directly from TAP.

QSC AND LOGITECH

ENVISION YOUR SETUP

View examples of room configurations with Logitech video devices and QSC solutions divisible or flex rooms, boardrooms, and classrooms.

SETUP FOR BOARDROOMS

SETUP FOR CLASSROOMS AND TRAINING ROOMS

LOGITECH ROOM SOLUTIONS: DESIGNED FOR SIMPLICITY & FLEXIBILITY

Meeting rooms built with Logitech components create a simple experience for meeting participants and offer IT admins flexibility in choosing a video conferencing cloud provider.

TAP

With one-touch join, easy content-sharing, and center-of-room control, Logitech Tap makes it super easy and fast to join a meeting.

RALLY CAMERA

Rally Camera delivers premium performance in professional meeting spaces of all shapes and sizes. It features mechanical Pan/Tilt/Zoom (PTZ), razor-sharp 15X HD zoom, expansive 90° diagonal field of view, and powerful 4K sensor.

ROOM COMPUTE

With computing power and video conferencing software together in a dedicated device, RoomMate, PC and Chromebox make it easy to deploy Zoom Rooms and Microsoft Teams Rooms.

QSC AND LOGITECH

QSC COLLABORATION SOLUTIONS: AUDIO, VIDEO AND CONTROL

Q-SYS CORE AUDIO, VIDEO AND CONTROL PROCESSOR

Choose the Q-SYS Core processor based on the I/O requirements and scale of each unique installation. Advanced audio processing, network AV routing and management, and a full-featured control engine to enable high-value spaces

QSC AMPLIFIERS AND LOUSPEAKERS

QSC offers a full portfolio of installed loudspeakers along with network and non-network amplifiers to offer users the flexibility to choose the right solution for their unique space.

Q-SYS NETWORK VIDEO ENDPOINTS

Native Q-SYS video endpoints allow for simple, network-based video distribution and can also act as a USB endpoint to bridge the Q-SYS system to the room compute device.

SENNHEISER CEILING ARRAY MICROPHONE

As an open platform, Q-SYS is able to enable integration with some of the most widely used software and endpoints in the world, including the Sennheiser TeamConnect Ceiling 2, a Dante™-enabled ceiling array microphone.

RECOMMENDED COMPONENT LIST

ROOM TYPE	LOGITECH	QSC
Divisible or Flex Room	Room Compute Tap	Q-SYS Core Q-SYS Camera SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone
Boardroom	Room Compute Rally Camera Tap	Q-SYS Core SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone
Classroom or Training Room	Room Compute Tap	Q-SYS Core Q-SYS Camera SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone

Supported features may vary based on compute and platform selection.
