Rally Board 65 Cart

Bring meetings to any space

Rally Board 65 Cart is a purpose-built, durable mobile stand for effortlessly moving Rally Board 65 around workspaces. With lockable wheels and built-in cable management, it enables flexible, on-demand deployment wherever a meeting is needed.

Two ways to orient

Flip Rally Board 65 so the camera is above or below the screen to fit any room setup you need. The flipping mechanism glides smoothly into place then locks securely in each orientation, keeping everything steady. Designed for effortless adjustment, this feature makes the Rally Board 65 as adaptable as your meeting spaces.

Stable

A well-balanced, maneuverable design makes it easy to securely position Rally Board 65, ensuring both stability and reliability.

Thoughtful design

Rally Board 65 Cart includes a thoughtfully designed cable management system, keeping cords neatly organized and preventing cable tangling.

Secure

Equipped with sturdy locking casters, the Rally Board 65 Cart stays securely in place once positioned, ensuring stability during every meeting. The wheels provide smooth maneuverability across open spaces, and the locking mechanism keeps it in place.

System Requirements	Logitech Rally Board 65
