CUSTOMIZE TAP TO YOUR MEETING SPACES

Logitech Tap delivers one-touch join, calendar integration, instant content sharing, and always-on readiness to meeting rooms running Google Meet, Microsoft Teams Rooms, Zoom Rooms, and other supported video conferencing room solutions. And with accessories for Logitech Tap, you get additional versatility to ensure Tap provides a consistent user experience for rooms of all shapes and sizes across your entire deployment.

Secure Tap in place with the Table Mount or raise the viewing angle of Tap from 14° to 30° for better visibility on deeper tables with the Riser Mount. In smaller rooms, the Wall Mount preserves table space.

However your meeting rooms are configured, commercial-grade cabling for Tap allows you to position meeting room equipment, like Tap, the conference camera, or meeting room computer, without the constraints of power outlets, mounts, or room and table design.

With a range of mounting and cabling options, you can integrate and secure Tap in almost any room. Accessories for Tap promote a clean and clutter-free meeting room appearance.

DATA SHEET
LOGITECH TAP ACCESSORIES
TABLE MOUNT

**Low-Profile with Pivot:** Preserves Tap’s sleek appearance and 14° screen angle while swiveling 180° for user convenience.

**Fits Most Tables:** Adjusts to tables up to 50mm (2 in) in thickness, and through grommets from 51 - 89mm (2 - 3.5 in) in diameter.

**Cable Management:** Supports down-routing of cables through the grommet for a clean appearance.

**Product Dimensions**
Tap with Table Mount
2.4 x 9.6 x 7.0 in
61 x 244 x 179 mm

**Compatibility**
Logitech Tap
Table Thickness: 0.75 - 2.0 in (20 - 50 mm)
Grommet Diameter: 2.0 - 3.5 in (51 - 89 mm)

**Inside the Box**
Table Mount Assembly
Cable Cinch

**PC MOUNT**

For room solutions equipped with a mini PC or Google Meet compute system, add a PC Mount to secure the computer out of sight and out of harm’s way.

**Cable Retention:** Two-piece cable retention clamp relieves strain and keeps USB, HDMI, power, and network cables tight and secure.

**Fits Most SFF PCs:** Robust steel mount fits small form factor (SFF) computers, Google Meet compute systems, and mounting plates with a 75mm or 100mm VESA pattern.

**Hideaway Design:** Includes hardware to mount a PC behind a display on the wall, or beneath a table.

**Product Dimensions**
PC Mount with Cable Retention Clamp
1.02 x 6.46 x 9.84 in
26 x 164 x 250 mm

**Compatibility**
Small form factor (SFF) computer with 75 x 75 mm or 100 x 100 mm VESA pattern

CABLING OPTIONS

Logitech Tap includes either the Cat5e Kit or Strong USB to connect Tap to the meeting room computer or conference camera with built-in compute. Both cabling options are available as standalone accessories, offering you the flexibility to switch to the one that best suits your deployment.

**CAT5E KIT**

**All-Inclusive Kit:** Custom-designed with all components and cabling required to supply power and connect Logitech Tap to a meeting room computer using Cat5e cable.

**Category Cabling:** Supplies both USB data and power, eliminating the need for a power outlet near Logitech Tap and freeing up more placement options for Tap in meeting rooms.

**Minimal Clutter:** Use the 10 meters of cable included with the Cat5e Kit or supply your own cabling for runs of up to 40 meters. Cat5e allows for precise cable lengths, reducing clutter beneath tables.

**Compatibility**

Cable Type: Cat5e or higher [up to 40 meters (131.23 ft) in total length]

**Inside the Box**

- Logitech Tap Receiver
- Dongle Transceiver
- 100-240v Power Supply with International Adaptor Set
- 2.97m/9.74 ft Cat5e Cable
- 7.0m/22.96 ft Cat5e Cable
- Documentation

**Warranty**

- 2-year limited hardware

**Part Number**

- 952-000019

**STRONG USB**

**In-Wall Rated:** Aramid-reinforced, plenum-rated and Eca compliant for high pull-strength and durability in walls, above ceilings, or within standard ¾” conduit.

**Compatible:** With support for USB 3.1, 3.0, and 2.0, the active optical cable is compatible with self-powered USB Type C devices like MeetUp and Rally Camera, or any USB Type C hub with its own power supply.

**3 Length Options:** Available in 10, 25, and 45 meter (32.8, 82, 147.6 ft) lengths.

**Certifications**

- Plenum Rated
- Eca/IEC 60332-1-2 Compliant

**Inside the Box**

- Logitech Strong USB-A to USB-C Cable:
  - 10, 25, or 45 meters (32.8, 82, or 147.6 ft)
- USB-C extension cable for tight spaces:
  - 152 mm (6 in)
- Documentation

**Warranty**

- 2-year limited hardware
