

DATA SHEET

WIRED PERSONAL VIDEO COLLABORATION KIT

Logitech® Wired Personal Video Collaboration Kit empowers dispersed teams to stay engaged and aligned from wherever they work. The kit features the Zone Wired Headset and the C925e webcam—delivering superbly clearer calls and 1080p high-definition video for enhanced video collaboration and better productivity.

LOGITECH WEBCAM AND HEADSET COMBINATION

When hopping on a video call from a personal workspace, the right gear can make all the difference. The Zone Wired headset is specifically designed for noisy workspaces and paired with the C925e high-definition webcam in a pre-configured bundled solution. Together, they are fully plug-and-play compatible with virtually any video conferencing software, making them as easy to deploy as they are to use. Affordably priced for deployment at scale, this kit empowers any size organization with tools to foster a culture of employee engagement.

WIRED PERSONAL VIDEO COLLABORATION KIT
