# DATASHEET ZONE TRUE WIRELESS EARBUDS

Stay focused and in the zone with Zone True Wireless *Bluetooth®* earbuds. The certified noisecanceling mics, hybrid ANC and immersive sound are ideal for collaboration in busy workspaces without compromising on the quality, productivity or creativity.

Logitech Zone True Wireless delivers immersive experiences that help you sound clear, stay connected and confident.

Three mics in each earbud (6 total) distinguish your voice from other sounds through a combination of advanced beamforming, cascaded noise reduction and dynamic processing so your voice always sounds clear no matter your surroundings.

Connect to a smartphone and computer simultaneously via *Bluetooth®*. Zone True Wireless features advanced multipoint technology that makes it easy to switch between two active audio sources and never miss a call.

### **KEY FEATURES AND PRODUCT SPECIFICATIONS**

**Crystal clear voice:** Three noise-canceling mics in each earbud to distinguish your voice, with the innermost mic to reduce unwanted noise through bone conduction.

**Reliable multipoint connection:** Seamlessly switch between smartphone and computer without missing a call, while the USB receiver provides extended performance and reliability.

Connectivity     Wireless range     Up to 30m/100 ft range (open field line of sight)       Paired devices     2 active connections and up to 6 stored connections       Rechargeable     Talk /Listen time     Talk time: Up to 5 hrs (ANC on); up to 6 hrs (ANC off)     Listening time: Up to 6 hrs (ANC on); up to 10 hrs (ANC off)       Battery     Charging     2.5 hrs for full earbuds charge 2.5 hrs for full case charge 5 mins quick charge = Up to 1 hr talk time or listening time Gi wireless charging <sup>2</sup> or USB-C to A charging cable (included)       Audio     Microphone type     Omni-directional, dual MEMS mics array with beamforming plus an inward-facing mic cancellation       ANC (Active noise cancellation)     Easily switch between Hybrid ANC and Transparency mode to either eliminate ambient background noise, or hear people, traffic and other external sounds       Sound quality     Large 12 mm drivers deliver full-bodied bass tones; fabric helps to reduce wind noise       Acoustic protection     EN 50332 certified       Audio alerts     Voice prompts for battery life, mute, ANC/Transparency mode, power and connection status       Aldoi calerts     Voice prompts for battery life, mute, ANC/Transparency mode, power and connection status       Aldoi comfort     3 sizes of eargels (S, M, L) are available for a custormized fit
