

DATASHEET

Signature Slim Wired Combo MK620

The Logitech Signature Slim Wired Combo MK620 helps government agencies boost productivity in environments needing secure, wired solutions. Ideal for shared workspaces, the full-size keyboard offers quiet, fluid typing, while the ambidextrous mouse helps reduce click noise. Functioning seamlessly across multiple OS platforms, the wired combo provides reliability for daily operations.

- **Secure typing experience.** Designed for use in settings needing reliable, secure, wired solutions, the full-size keyboard features laptop-style keys with subtle scoop for fluid and precise typing.
- **Reduce click noise by 90%.** Ideal in shared spaces, quiet keys and clicks help workers maintain focus. Silent Touch technology produces 90% less click noise from the mouse.²
- **A mouse for everyone.** The ambidextrous mouse improves productivity with SmartWheel technology, enabling line-by-line or super fast scrolling. Mouse sensitivity can be adjusted with the DPI button.
- **Reduce help desk calls and minimize IT support.** The multi-OS toggle allows IT staff to easily switch between Windows, macOS, or ChromeOS. Employees can change the operating system platform with a simple switch, helping to reduce support requests and improve individual employee productivity.
- **Improved power efficiency.** Achieved through a redesigned MCU, improved mouse sensor, and optimized LED functionality, the Logitech Signature Slim Wired Combo enhances power efficiency, using 50% less energy with the M520 mouse and 49% less energy with the Signature Slim Wired K620 keyboard.³
- **Meet sustainability goals.** Plastic parts are made with a minimum of 66% post-consumer recycled (PCR) plastic⁴ and the included keyboard plate is made with low carbon aluminum. In addition, combo products are packed in FSC™-certified paper packaging.

Connectivity	Wired	USB-C (USB-A adaptor sold separately)
	Cable length	180 cm (5.9 ft)
Durability (key presses)	Service life	10 million keystrokes (standard keys) 5 million keystrokes (F-row keys)
	Reliability	MTTF* > 150K hrs <small>*Mean time to failure of electronic components</small>

¹ Customize device settings by installing the Logi Tune or Logi Options+ app available on Windows and macOS at logi.com/tune or logi.com/optionsplus.

² Click noise reduced by over 90% compared to Logitech M185. Left click and typing dBA level measured by an independent lab at 1 meter.

³ Compared to the Logitech K120 keyboard and M100 mouse.

⁴ Excludes plastic in printed wiring assembly (PWA), cables, receiver, and packaging.

⁵ Copilot requires Windows 11 or later and Gemini requires Chrome version 133.0.6882.0 or above. For more details, visit logitech.com/support/MK620B

⁶ Meeting control keys require Logi Tune or Logi Options+ installed to get full functionality. Mute microphone key works out of the box on Microsoft Teams and Webex on Windows. For more details, visit logitech.com/support/MK620B

⁷ Logi Tune and Logi Options+ app are currently not supported. The device's basic functions will work without software.

⁸ Requires Logi Tune downloaded on individual laptops.

⁹ Sold separately on logi.com and selective channels.
