TAP INTO BETTER MEETINGS

Simplify meetings and seamlessly connect1 with remote teams with Logitech Tap powered by the HP Elite Slice G2—Partner Ready with Microsoft Teams Rooms. With stress-free set-up and intuitive user operation, it’s easy to manage, secure and deploy your meeting room system.

Enjoy on-demand calling, flexible accessibility, easily add attendees and share content with one touch on the Center of Room Control with Logitech Tap.

The bundle includes Logitech Tap and the HP Elite Slice G2—Partner Ready with Microsoft Teams Rooms. Logitech MeetUp or Rally cameras and speakers enhance your conferencing experience by adding crisp, clear audio and video.

THE HP ELITE SLICE G2 - PARTNER READY. SELF-HEALING SAFEGUARD.

Equipped with HP Sure Start Gen 3, the HP Elite Slice G2—Partner Ready with Microsoft Teams Rooms automatically recovers the BIOS from malware, rootkits or corruption to help increase security, minimize downtime and prevent breaches.

The port cover and optional HP Keyed Cable Lock 10mm help secure your system in the conference room and prevent tampering with your device.

BASE BUNDLE

PART # TAPMSTBASEHP
INCLUDES:

- Logitech Tap Touch Controller
- HP Elite Slice G2 - Partner Ready
- Pre-configured for Microsoft Teams Room4
- Intel 9th Gen Intel® Core i5-9600T Processor4
- USB Strong Cable
- PC Mount

JumpStart Support

Microsoft Tap bundles include Logitech JumpStart, which helps customers deploy Microsoft Teams Room System.

For 90 days from the date of purchase, you have access to configuration and support resources to assist with system, software, and security configuration.

---

1 Internet connection required and sold separately.
2 Available on HP Elite products equipped with Intel® 7th generation processors.
3 Sold separately or as an optional feature.
4 Processors and Memory Dependent on Teams configurations
5 Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel’s numbering, branding and/or naming is not a measurement of higher performance.
