

DATASHEET

LOGI DOCK

Upgrade the remote working experience with Logi Dock, an all-in-one docking station with one-touch meeting controls and a built-in speakerphone. Certified for leading video conferencing platforms and easy to set up, Logi Dock connects everything in one tidy unit, replaces the need for extra peripherals, and eliminates a tangle of cables and wires.

THE ULTIMATE DOCK FOR HYBRID WORKERS

Logi Dock is an all-in-one docking station with meeting controls and enterprise-quality audio that simplifies personal workspaces and improves the WFH experience.

Designed to declutter the desktop, Logi Dock provides a single connection point for up to five USB peripherals and two monitors¹, while powering your laptop up to 100 watts.

With calendar integration² and support for your favorite video conferencing services like *Google Meet*, *Microsoft Teams*, *Zoom* and *Tencent Meeting*, Logi Dock makes it easy to join your next meeting. Just press a button and you're in.

For high-quality calls, Logi Dock features a built-in, noise-canceling speakerphone, which also delivers impressive stereo sound when you want music as your work companion.

KEY FEATURES

TAKE CONTROL OF YOUR MEETING

Integrated with leading video conferencing platforms such as *Microsoft Teams*, *Google Meet*, *Zoom* and *Tencent Meeting*, Logi Dock allows you to instantly join any meeting with a single touch².

Simple Meeting Controls with Visual Alerts

Control audio and camera at your fingertips by pressing the mute, volume, or video buttons. Get alerts about upcoming video calls from the ambient light indicators.

Calendar Integration with Tune

With calendar integration² via Logi Tune, you can stay on top of your day, get informed of upcoming appointments, and quickly join meetings with a simple touch of a button.

KEY FEATURES

UNCLUTTER YOUR DESKTOP

Logi Dock connects up to five USB peripherals, and up to two monitors¹ while charging your laptop up to 100 watts. With fewer cords and dongles, and less visual clutter, Logi Dock makes room for cleaner workspaces and better work days.

HEAR & BE HEARD CLEARLY

Noise-canceling Speakerphone

Six beamforming microphones help capture your voice clearly while advanced algorithms reduce unwanted background noise.

Easy Audio-Switch³

For private conversations, switch the audio from Logi Dock's speakerphone to your personal audio by turning on your Zone Wireless (Plus) headset or inserting your Zone True Wireless earbuds.

Add Music to Your Workday

Logi Dock's expertly-tuned speakers deliver immersive, crystal-clear sound, so you can enjoy your favorite tunes between or after meetings. Pair to your smartphone or tablet via *Bluetooth*[®] to stream audio.
