

DATASHEET

LOGI DOCK FLEX

Logi Dock Flex is a managed docking station that delivers a better hotdesking experience for employees and a greater ability to manage shared desks across multiple locations.

Logi Dock Flex offers employees a personalized hotdesking experience. No training or setup is required, so employees can simply plug in a laptop and get right to work.

This multi-purpose managed docking station makes it easy to enable hotdesking. Clean cable management keeps desks free from clutter. Automatic single-cable check-in provides accurate data on desk usage for better space planning.

Logi Dock Flex can be deployed and monitored at scale from anywhere using Logitech Sync or other compatible platforms such as Zoom or Microsoft.

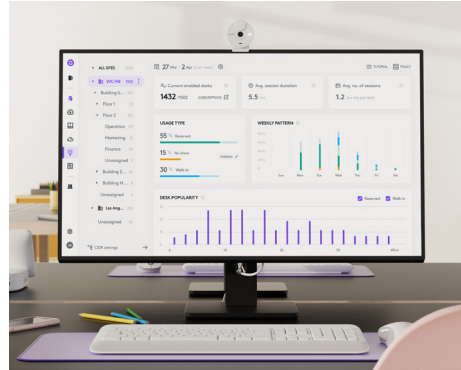

UNDERSTAND AND OPTIMIZE YOUR WORKPLACE

Logi Dock Flex makes it easy to manage shared desk spaces, keep them up to date and ready to go, and gain insights about usage.

Automatic check-in

Employees easily check in to their desk booking by simply plugging in their laptop. This step also grants them access to all desk peripherals.*

Gather accurate data

Logi Dock Flex tracks when employees plug in, so you can accurately keep track of office usage for better space planning.*

Keep devices connected and running

Get notified right away if a peripheral is disconnected or goes missing so you can resolve problems quickly.*

WORKS WITH MULTIPLE BOOKING PROVIDERS

Logi Dock Flex can easily be integrated and managed with Microsoft Teams, Zoom Workspace Reservation, Appspace Space Reservation, or Logitech Desk Booking for a simple and consistent user experience.

*Support may vary by booking provider. See [compatibility page](#) for latest information.

DESK AVAILABILITY AT A GLANCE

Employees never have to guess which desk is free, occupied, or reserved. The screen clearly indicates desk status at a glance.

CLEAN, SECURE, AND RELIABLE CABLE MANAGEMENT

The smart cable management is designed to keep employees connected, day after day. Locked-in cables help you make sure desk peripherals aren't lost or unplugged. But should something go missing, Logi Dock Flex will automatically alert you right away.*

*Support may vary by booking provider. See [compatibility page](#) for latest information.

PERSONALIZE THE HOTDESKING EXPERIENCE

Logi Dock Flex creates a hassle-free and personalized experience for hybrid employees.

Join Calls and See Upcoming Events

Connect calendars to view upcoming meetings, with one touch to join directly from the dock.*

Set Away Messages

Employees never have to worry about losing their seat. Logi Dock Flex clearly indicates that the desk is reserved, even when the computer is unplugged.*

Choose Personalized Backgrounds

For a personal touch, employees can choose their own background photos.*

*Feature support may vary by booking provider. See [compatibility page](#) for latest information.
