Turn any space into an appliance-based video conferencing room with RoomMate, an appliance purpose-built for video collaboration. RoomMate runs CollabOS, the unifying operating system within Logitech’s video bar appliances, providing a simple, consistent deployment across all meeting rooms.

**COLLABOS APPLIANCE FOR SUPPORTED CONFERENCE CAMERAS AND ROOM SOLUTION PERIPHERALS**

By connecting RoomMate with MeetUp or a Rally System, IT can deploy Microsoft Teams Rooms on Android, Zoom Rooms Appliances, or other video conferencing solutions in any meeting space. For rooms with custom audio systems, RoomMate is compatible with select partners like Biamp, QSC, and Shure.

RoomMate is built for deployment and management at scale. In a low-profile form factor, RoomMate delivers all the capabilities needed for HD video conferencing with one or two displays and can be mounted securely and out of sight. Easily monitor and manage RoomMate together with other devices through Logitech Sync, Teams admin center, or Zoom Device Management.
FEATURES AND BENEFITS

PURPOSE-BUILT FOR VIDEO COLLABORATION

RoomMate runs CollabOS, which allows you to easily deploy Microsoft Teams Rooms on Android, Zoom Rooms Appliances, and other leading video conferencing services.

MODULAR VERSATILITY

Turn any space into an appliance-based video conferencing room. Connect the modular Rally System or MeetUp to RoomMate and add a Logitech Tap touch controller, Scribe whiteboard camera,* and other collaboration devices to your meeting rooms.

POWER, WITH CONNECTIONS

In a sleek, low-profile form factor, RoomMate delivers all the power you need for HD video conferencing in rooms with one or two displays.

FLEXIBLE, NEAT, SECURE

Mount RoomMate securely and out of sight. The optional Compute Mount supports discreet installation and cable retention behind displays, inside cabinets, and under tables.

*Scribe compatibility may vary, see www.logitech.com/support/SCRIBE-COMpatibility for the latest information.
FEATURES AND BENEFITS

VERIFIED AUDIO PARTNERS
Use the audio system of your choice. Default to the conference camera’s audio when you pair RoomMate with MeetUp or Rally System. Or choose a verified audio system from select partners when RoomMate is used alongside Rally Camera.

SIMPLE TO MANAGE
Easily manage your Logitech video collaboration devices with Logitech Sync. Monitor room health, deploy updates, and modify settings all from a single cloud-based platform. And with Sync Insights, you can see how meeting spaces are utilized over time.

PURPOSE-BUILT FOR VIDEO COLLABORATION
Deploy video collaboration solutions at scale with CollabOS, the secure operating system powering Logitech appliances and select devices.
