LOGITECH SCRIBE

Effortlessly share whiteboards into video meetings with Logitech Scribe, an AI-powered whiteboard camera for Zoom™ meetings and Zoom Rooms™.

WHITEBOARD CAMERA FOR ZOOM

Designed for whiteboard sharing in the modern workplace, Logitech Scribe broadcasts content on dry erase boards into Zoom meetings with outstanding clarity. Now, even remote participants can have the best seat at the table.

With a clean wall-mounted design and thoughtful cable management, Scribe installs elegantly into any small, medium, or large meeting room with a whiteboard. Together with the whiteboard content camera, Scribe includes mounting components, power supply, category cables, and a wireless share button, optimized for Zoom Rooms, to add virtual whiteboard collaboration to your Zoom deployment at scale.

PERFECT VIEWS, REMOTE OR IN THE ROOM

AI-POWERED PERFORMANCE

Presenter Removal

Scribe's built-in AI delivers a transparency effect, allowing participants to see "through" the presenter for an unobstructed view of the whiteboard.

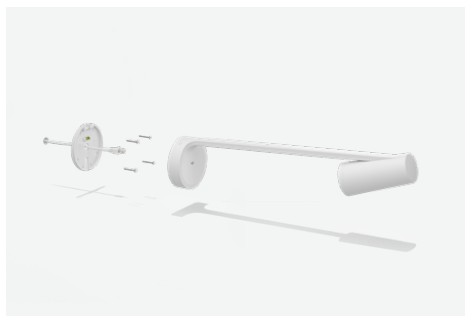

Content Enhancement

Scribe automatically enhances the color and contrast of dry erase markers, making text and sketches easier to read.

Sticky Note Detection

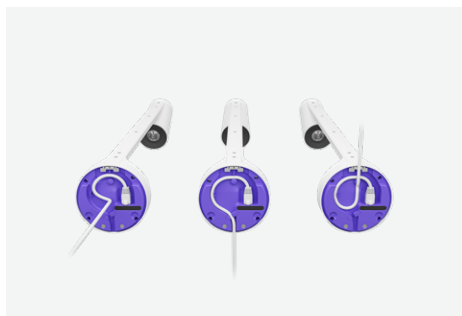

Scribe uses image segmentation to recognize and show other forms of content like sticky notes.

CLEAN, FLEXIBLE INSTALLATION

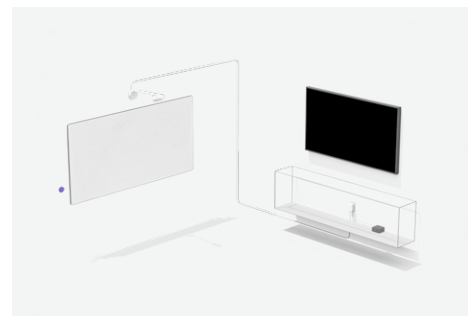

Wall Mounting

Securely mount Scribe to a variety of wall surfaces with the included installation kit.

Cable Management

Ensure clean, confident installs with cable retention and options to route cabling up, down, or through the wall.

Flexible Cabling

Use the included 10 meters of category cable or supply your own to fit the size and layout of your meeting room.

SIMPLE TO USE

Works with Any Whiteboard

Works with all whiteboard surfaces, capturing up to 6' W by 4' H, and any set of dry erase markers.

Plug and Play Ready

Scribe offers the versatility to connect to your Zoom meetings as a USB camera.

ENHANCED INTEGRATION WITH ZOOM ROOMS

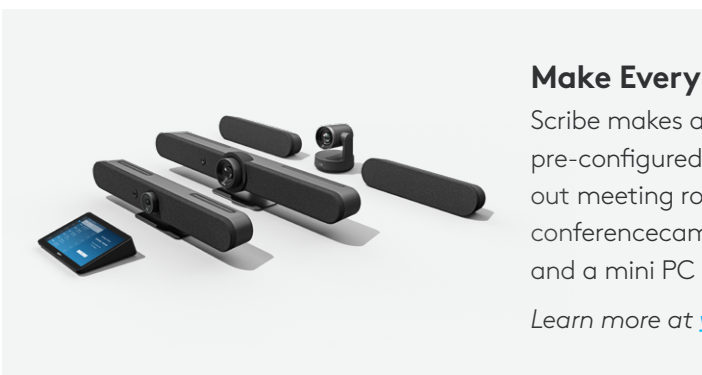

Share Button

Scribe's wireless share button makes sharing a whiteboard into Zoom Rooms quick and easy.

Center-of-Room Control

Whiteboard sharing can also be initiated directly from a Zoom Rooms controller, like Logitech Tap.

Make Every Room a Zoom Room

Scribe makes a great addition to Logitech Room Solutions, which are pre-configured for Zoom Rooms and include everything you need to build out meeting rooms of virtually any shape or size - an Ultra-HD Logitech conferencecam with RightSense™ technologies, the Tap touch controller, and a mini PC or built-in compute.
