### PRODUCT USED

Logitech GROUP

### CHALLENGE

How to make Jiwasraya can collaborate effectively in cost-efficient manner among Headquarters and various branches. Initial solution using Web camera was not adequate in providing efficient communication & collaboration.

### SOLUTION

Logitech GROUP, as video conferencing solution for rooms that seat 14–20 people that delivers high quality HD video and crystal clear audio, saves Jiwasraya's time and budget. Its Remote control helps to move camera directions towards intended target, clearly seen in different regional offices.

### RESULT

Logitech GROUP provides Jiwasraya collaboration needs with the affordable video conferencing for mid to large-sized meeting rooms at any given moment. Easy to deploy, operate and use with any video conference software make Jiwasraya collaboration and communications within branches more frequent, easier with crisp image and clear audio. Significant travel expense and time saving are the highly beneficial to the organization.

**"I strongly recommend Logitech Group for all who needs to communicate & share ideas with remote business partner. Logitech GROUP makes us possible to collaborate intensively and put more colleagues and staff to collaborate at the same time. Now, we can save unnecessary expense and time significantly."**
