

LOGITECH MEETING ROOM SOLUTIONS FOR GOOGLE HANGOUTS MEET

HANGOUTS MEET HARDWARE KIT

Hangouts Meet hardware with Logitech® PTZ Pro 2 is a great fit for large to medium-sized conference rooms. Premium optics deliver brilliant image resolution and outstanding color reproduction, enabling great video collaboration experiences.

Bundle available through distribution partners.

LOGITECH MEETUP

Logitech MeetUp all-in-one conferencecam lets you make the most out of small conference and huddle rooms. The 120° wide angle lens means you'll see more of the space and who's in it. Plus, with three beamforming mics you can hear everyone loud and clear.

Certified for Google® Hangouts Meet hardware¹.

LOGITECH RALLY

Logitech Rally is an ideal solution for meeting spaces of almost any size and shape. Rally Camera features 4K optics and intelligent PTZ features to capture every seat in the room. The front-of-room speakers offer richer sound than tabletop speakerphones and the microphones more effectively suppress noise and echo.

Google Hangouts Meet hardware certification coming Fall 2018.

¹ Support starts with Chrome OS version 69.
